The De Gruyter Handbook of Automated Futures Vaike Fors, Martin Berg, Meike Brodersen, 2024-09-23 How does automation affect us our environment and our imaginations What actions should we take in response to automation Beyond grand narratives and technology driven visions of the future what more can automation offer With these questions in mind The De Gruyter Handbook of Automated Futures provides a framework for thinking about and implementing automation differently It consolidates automated futures as an inter and transdisciplinary research field embedding the imaginaries interactions and impacts of automation technology within their social historical societal cultural and political contexts Promoting a critical yet constructive and engaging agenda the handbook invites readers to collaborate with rather than resist automation agendas It does so by pushing the agenda for social science humanities and design beyond merely assessing and evaluating existing technologies Instead the handbook demonstrates how the humanities and social sciences are essential to the design and governance of sustainable sociotechnical systems Methodologically the handbook is underpinned by a pedagogical approach to staging co learning and co creation of automated futures with rather than simply for people In this way the handbook encourages readers to explore new and alternative modes of research fostering a deeper engagement with the evolving landscape of automation

Being Ethnographic Raymond Madden, 2022-11-23 Being Ethnographic is a fundamental introductory guidebook to process and utilization of doing fieldwork within real world settings It explores our understanding of identities the future of ethnography and the advancing role of technology in a global networked society The third edition of Being Ethnographic highlights the challenges introduced by the ethnographers own interests biases and ideologies and demonstrates the importance of methodological reflexivity This fully updated third edition includes Discussions on technology and multimodality as hands on tools for the field Helpful insights into making thoughtful choices around a research design Aid in engaging ethically and effectively within the field Lasting tips for finalising and conducting research Raymond Madden provides invaluable guidance for applying fundamental ethnographic principles within the field and gives students and researchers everything they need to walk a mile in someone else's shoes

Strategic Social Media Management Karen E. Sutherland, 2020-12-21 This textbook provides a lively introduction to the fast paced and multi faceted discipline of social

media management with international examples and perspectives Aside from focusing on practical application of marketing strategy the textbook also takes students through the process of strategy development ethical and accurate content curation and strategy implementation through detailed explanations of content creation Combining theory and practice Strategic Social Media Management teaches students how to take a strategic approach to social media from an organisational and business perspective and how to measure results Richly supported by robust and engaging pedagogy and cases in each chapter it integrates perspectives from public relations marketing and advertising and examines key topics such as risk ethics privacy consent copyright issues and crises management It also provides dedicated coverage of content strategy and campaign planning and execution Reflecting the demands of contemporary practice advice on self care for social media management is also offered helping to protect people in this emerging profession from the negativity that they can experience online when managing an organisation's social media presence After reading this textbook students will be able to develop a social media strategy curate accurate and relevant content and create engaging social media content that tells compelling stories connects with target audiences and supports strategic goals and objectives This is an ideal textbook for students studying social media strategy marketing and management at undergraduate level It will also be essential reading for marketing public relations advertising and communications professionals looking to hone their social media skills and strategies
