Pandemics, Politics, and Society Gerard Delanty, 2021-02-22 This volume is an important contribution to our understanding of global pandemics in

general and Covid 19 in particular It brings together the reflections of leading social and political scientists who are interested in the implications and significance of the current crisis for politics and society The chapters provide both analysis of the social and political dimensions of the Coronavirus pandemic and historical contextualization as well as perspectives beyond the crisis The volume seeks to focus on Covid 19 not simply as the terrain of epidemiology or public health but as raising fundamental questions about the nature of social economic and political processes The problems of contemporary societies have become intensified as a result of the pandemic Understanding the pandemic is as much a sociological question as it is a biological one since viral infections are transmitted through social interaction In many ways the pandemic poses fundamental existential as well as political questions about social life as well as exposing many of the inequalities in contemporary societies As the chapters in this volume show epidemiological issues and sociological problems are elucidated in many ways around the themes of power politics security suffering equality and justice This is a cutting edge and accessible volume on the Covid 19 pandemic with chapters on topics such as the nature and limits of expertise democratization emergency government digitalization social justice globalization capitalist crisis and the ecological crisis
