the contrary they have organized around issues from gun control to racial and environmental justice to economic equity becoming more politically engaged than their elders and showing a unique willingness to disrupt the status quo In Fight How Gen Z Is Channeling Their Passion and Fear to Save America Della Volpe draws on his vast experience to show the largest forces shaping zoomers lives the issues they care most about and how they are despite older Americans efforts to label Gen Z as overly sensitive lazy and entitled rising to the unprecedented challenges of their time to take control of their country and our future
