The Mother in Psychoanalysis and Beyond Rosalind Mayo, Christina Moutsou, 2016-10-04 The question of what it means to be a mother is a very contentious topic in psychoanalysis and in wider society The Mother in Psychoanalysis and Beyond explores our relationship to the maternal through psychoanalysis philosophy art and political and gender studies Over two years a group of psychotherapists and members of the public met at the Philadelphia Association for a series of seminars on the Maternal In the discussions that followed a chasm opened up slowly and painfully between the

idealised longings and fantasies we all share and the realities of maternal experiences here were met the great silences of love loss longing memories desire hatred and ambivalence This book is the result of this bringing together in conversation and reflections of what so often seems unsayable about the Mother It examines how issues of personal and gender identity are shaped by the ideals of separation from the mother the fears and anxiety of merging with the mother and how this has often led in psychoanalysis and society to holding mothers responsible for a variety of personal and social ills and problems in which maternal vulnerability is denied and silenced There are two main themes running throughout the book Matricide and Maternal Subjectivity On the theme of matricide several contributors discuss the ways in which the discourse and narratives of the Mother have been silenced on a sociocultural level and within psychoanalysis and philosophy in favour of discourses that promote independence autonomy power and the avoidance and denial of our fundamental helplessness and vulnerability On the theme of maternal subjectivity several chapters look at the actual experience of mothering and or our relationship to our mother to highlight the ways in which the maternal is intimately connected with human subjectivity The Mother in Psychoanalysis and Beyond provides new and provocative thinking about the maternal and its place in various contemporary discourses It will appeal to psychoanalysts psychotherapists and psychologists of different schools scholars and advanced students of art gender studies politics and philosophy as well as anyone interested in maternity studies and the relationship between the maternal and human subjectivity [#WorkSchoolHours](#) Dr Ellen Joan Ford,2024-03-04 Every working parent knows how hard the juggle is Now we know the cause It s time to get work to work better for people Right now we are expected to work as though we don t have kids and parent as though we don t have jobs It is not sustainable It s causing people to leave the workforce or to sacrifice valuable family time and simultaneously hurting organisations as retention and productivity take a nosedive WorkSchoolHours offers us all a better framework one that takes us far beyond how we structure our work schedules to deliver us better commercial outcomes for businesses better careers for all working people and better lives for everyone Building on decades of research and lived experiences WorkSchoolHours gives us practical insights and immediately actionable solutions Let s reduce hours spent working so we can connect more with what matters in life and do it in a way that is commercially smart for organisations Praise for WorkSchoolHours A change the freaking world book Mark Crysell TVNZ SUNDAY correspondent An absolute must read that will linger in your thoughts long after you ve turned the final page Steve Jurkovich Chief Executive KiwiBank Even the skeptic in me is totally convinced Eric Chapman Director of Business Transformation EY Ellen s precise wisdom is a game changer Dr Ron McDowall ONZM Director of Rutherford Business Institute A research backed implementable solution where everybody wins Stephania Varalli Story Strategist serial entrepreneur and former CEO and owner of Women of Influence Canada [The Future of Human Resource Management in a Multigenerational Workforce](#) Vidhi Tyagi,Shikha Aggarwal,Pallavi Tyagi,2025-10-06 As organizations navigate an increasingly complex and fast evolving business landscape The Future of Human Resource Management in a
