Unwritten Rules. What Women Need To Know About Leading In Today's Organizations Lynn Harris,2010

Unwritten Rules What Women Need to Know About Leading in Today's Organizations by Lynn Harris answers the question of why there are so few women in positions of senior leadership and provides pragmatic advice and professional development for women leaders. Clearly written and convincingly told, Unwritten Rules explodes the leadership myths prevalent in the workplace today and provides women with essential information to make informed choices about their careers and how to lead. Based on the most recent research, Unwritten Rules explores the specific challenges faced by women leaders and what it takes for them to succeed within the current leadership model. Harris also provides case studies and alternative routes for those who choose to step off the corporate career ladder. Groundbreaking and inspirational, Unwritten Rules should be on everyone's business agenda and packed in every briefcase. *Strategies and Insights for Women Leaders in Higher Education* Wafa Hozien,2024-12-06

This book delves into critical factors for women's success in academia, offering strategies and counsel anchored in a robust theoretical framework. Hozien's thoughtful interdisciplinary approach to women leadership culminates in a comprehensive understanding of the critical factors that can influence career success in higher education. Grounded by an intersectional lens and data-driven analysis, the book's focus on minority female populations informs the inherent challenges and shifting representation in educational leadership. Each chapter integrates real-world examples, case studies, and immediately actionable advice to advocate for and support current and aspiring female leaders, administrators, and policymakers. A masterful blend of theory and practice, this book's timely insights empower women to take charge of their leadership journeys with the intention of fostering a generation of confident and capable academic leaders who can drive positive transformation.
