guidebook as you prepare to embark on a remote work adventure I wrote this book based on my decade of experience as a remote worker CEO and co founder of a remote first company and as a part time digital nomad And now I get to share my information with you It s never been easier to design the life you want and work wherever you want This is why I love the era that we are living in Remote work has created the biggest shift in 100 years in how we work That s right Remember the invention of computers The Internet Smartphones Those were just warm up rounds that enabled the latest seismic earthquake in how we live and work For the first time in history you don t need to be physically located close to your job or source of economic opportunity In this easy to digest book I share everything I know about planning executing and transitioning to life as a remote worker abroad You ll learn What the term digital nomad means why I think it s cheesy and how you can get past the jargon to think about the underlying principles of location independence Different paths to becoming a digital nomad Finding your purpose Choosing a digital nomad destination in South America Europe Asia and more Tips and tricks for living life as a remote worker abroad Best practices for being an effective remote worker with teammates and clients A long term strategy for adopting the digital nomad lifestyle To get more details on what s in the book scroll through images above to see the table of contents You ll get access to 100 pages in PDF and EPUB format All future versions of this guide for the rest of your life Exclusive access to an upcoming private community of digital nomads and remote workers One more thing If you re thrown off by the term ebook consider this more like a how to guide There are probably digital nomad coaches charging hundreds of dollars for one hour consulting calls and video courses Those overpriced offers will contain a lot of the same info that s in this relatively inexpensive digital book It s a deal Join thousands of other people worldwide in starting your digital nomad journey today

Digital Nomads. How the era of digitalization creates alternative lifestyles Lisa-Marie Wagner, 2020-06-18 Bachelor Thesis from the year 2020 in the subject Business economics Business Management Corporate Governance grade 1.6 language English abstract In this paper the phenomenon of digital nomadism in permanent employment is presented In general digital nomads are characterized by their independence of location their employment in the digital space and common values Most of them are freelancers and entrepreneurs but also employees who are part of this movement want to leave the conservative concept of normal employment and break new ground First the changes in the business world and the emergence of digital nomadism were presented in this paper Due to a lack of literature guideline based expert interviews were conducted to gain insight into the opportunities and risks of the multi local lifestyle concept for employees and companies In addition the framework conditions for companies and digital nomads required by this work and life concept were examined and presented in detail Such a framework condition can mean for example the adaptation of processes and leadership There are also differences between completely remote companies and only partially remote companies which can lead to a split company structure In this context the similarities and differences between traditional telework and digital nomadism in permanent employment were

also examined These are similar for example regarding the technical prerequisites that should be created in companies and the changed communication In addition there are challenges and opportunities that arise from the travel component and the nature of digital nomadism such as negatively impaired processes due to time differences or certain characteristics and experiences that digital nomads possess or experience that can be used positively in a professional context Thus this work not only serves a scientific purpose but also provides a practical framework for employing digital nomads in traditional companies
