## How To Start Ai Automation Tools Guide:

*The Executive Guide to Artificial Intelligence* Andrew Burgess, 2017-11-15 This book takes a pragmatic and hype free approach to explaining artificial intelligence and how it can be utilised by businesses today At the core of the book is a framework developed by the author which describes in non technical language the eight core capabilities of Artificial Intelligence AI Each of these capabilities ranging from image recognition through natural language processing to prediction is explained using real life examples and how they can be applied in a business environment It will include interviews with executives who have successfully implemented AI as well as CEOs from AI vendors and consultancies AI is one of the most talked about technologies in business today It has the ability to deliver step change benefits to organisations and enables forward thinking CEOs to rethink their business models or create completely new businesses But most of the real value of AI is hidden behind marketing hyperbole confusing terminology inflated expectations and dire warnings of robot overlords Any business executive that wants to know how to exploit AI in their business today is left confused and frustrated As an advisor in Artificial Intelligence Andrew Burgess regularly comes face to face with business executives who are struggling to cut through the hype that surrounds AI The knowledge and experience he has gained in advising them as well as working as a strategic advisor to AI vendors and consultancies has provided him with the skills to help business executives understand what AI is and how they can exploit its many benefits Through the distilled knowledge included in this book business leaders will be able to take full advantage of this most disruptive of technologies and create substantial competitive advantage for their companies

*Product Marketing in the Age of Generative AI: A Practical Guide* by Varun Grover and Dr. Mohsin Fayaz, 2025-02-05. The marketing landscape is undergoing a profound transformation. The advent of generative AI has introduced unprecedented opportunities and challenges for product marketers. With tools that can create compelling content, hyper-personalized messaging, and predictive insights at scale, generative AI has changed the rules of engagement. Yet alongside its promise comes a pressing need to navigate ethical considerations, trustworthiness, and how to maintain the human touch in a world increasingly shaped by algorithms. *Product Marketing in the Age of Generative AI* is a guide for those at the forefront of this transformation. It's for product marketers who see generative AI not as a replacement for human ingenuity but as a powerful partner in driving creativity, efficiency, and impact. This book is about mastering the tools and techniques that generative AI offers while staying rooted in the core principles of great product marketing: understanding your audience, crafting resonant messaging, and driving tangible results. This is not a book about AI hype or abstract theory. Instead, it's a practical guide grounded in real-world applications, case studies, and actionable strategies. You'll learn how to integrate generative AI into your marketing workflows, enhance customer engagement, and scale your efforts without sacrificing quality. Along the way, we'll explore how to leverage AI responsibly, balancing automation with authenticity to build trust and lasting connections. The age of generative AI is not coming; it's here. And as product marketers, the question isn't whether to embrace it but how to do so effectively and ethically. My hope is that this book equips you with the knowledge and confidence to navigate this new frontier, transforming challenges into opportunities and leveraging AI as a force multiplier for your marketing efforts. Whether you're an experienced marketer looking to stay ahead of the curve or someone new to the field eager to understand how generative AI can enhance your craft, this book is for you. Together, let's explore how to thrive in this exciting era and redefine what's possible in product marketing. Welcome to the future of product marketing. Let's get started.
