Voice Marketing Laurence Minsky,Susan Westwater,Scot Westwater,Colleen Fahey,2023-07-27 Hey Google how can you help me reach more customers and strengthen my brand Voice enabled technologies are an integral part of our lives and they present vast opportunities for marketers who are up to the challenge With Voice Marketing Harnessing the Power of Conversational AI to Drive Customer Engagement marketers learn key strategies and tactics of the voice world while following a clear roadmap for developing and executing a voice marketing program How should marketers best approach voice and conversational AI to ensure an optimal return on their investments Since voice can both activate consumer behavior and help build the brand image what is the right media mix for a marketer How does voice fit with a marketer s other channels particularly online and mobile What is appropriate content for this new channel and how can a marketer best go about creating that content What are the legal and ethical issues that marketers need to address What makes for a good development partner to implement voice initiatives And what metrics should marketers use to judge the success of their voice efforts Filled with real world examples and behind the scenes stories Voice Marketing is grounded in research based theory and decades of experience Case studies from the Allstate Butterball Coca Cola Domino s Lucky Charms Mercedes Nike Sony Tide and more combine with guest perspectives from the worlds of conversational AI voice technology academia and marketing to deliver a ready to implement plan for success in the voice environment

Machine Habitus Massimo Airolidi,2021-12-13 We commonly think of society as made of and by humans but with the proliferation of machine learning and AI technologies this is clearly no longer the case Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible the relevant and the irrelevant the likely and the unlikely on and beyond platforms Drawing on the work of Pierre Bourdieu this book develops an original sociology of algorithms as social agents actively participating in social life Through a wide range of examples Massimo Airolidi shows how society shapes algorithmic code and how this culture in the code guides the practical behaviour of the code in the culture shaping society in turn The machine habitus is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents in the context of digital infrastructures and pre digital social structures Machine Habitus will be of great interest to students and scholars in sociology media and cultural studies science and technology studies and information technology and to anyone interested in the growing role of algorithms and AI in our social and cultural life
