The Virtual Public Servant Stephen Jeffares, 2020-11-30 With recent advances and investment in artificial intelligence are we on the verge of introducing

virtual public servants Governments around the world are rapidly deploying robots and virtual agents in healthcare education local government social care and criminal justice These advances not only promise unprecedented levels of control and convenience at a reduced cost but also claim to connect to empathise and to build trust This book documents how after decades of designing out costly face to face transactions investment in call centres and incentivising citizens to self service the tech industry is promising to re humanise our frontline public services It breaks out of disciplinary silos and moves us on from the polarised hype vs fear discussion on the future of work It does so through in depth Q methodology interviews with a wide range of frontline public servants from doctors to librarians from social workers to school receptionists and from police officers to call handlers The first of its kind this book should be of interest across the social sciences and to anyone concerned with how recent measures to digitise and automate our services are paving the way for the development of full blown AI in frontline work

The Long Game: Sustaining a Successful Career in Teaching Peter Foster, 2024-12-31

Why do some teachers stay in teaching And why do others leave Why do some enjoy it whilst others find it an unrelenting slog Answers to these questions are elusive but vital for new teachers school leaders and everyone in between Using research from wide ranging fields and experience from real teachers The Long Game examines how teachers can sustain and enjoy successful careers in teaching Divided into five parts the book explores the persistent challenges of being a teacher by breaking them down into problems and solutions The chapters unpack the factors that get in the way of our success or enjoyment of teaching and considers the different ways these problems can be tackled addressing key concerns including How to maintain motivation as you juggle work and life How to manage intensity in a non stop job How to embed effective long lasting habits to save time and mental effort How to reduce workload not just manage it How to teach successfully and have impact in a way that lasts Teaching isn t like a game because it is frivolous or simple But it is an infinitely layered problem we can spend our careers trying to solve To sustain a successful and enjoyable career in teaching we need to embed strategies and approaches that will minimise the challenges and maximise our enjoyment The Long Game will help teachers to hold onto the joy in teaching by facing the challenges head on
