*Path to Singularity* J. Craig Wheeler, 2024-11-19 In a rapidly changing world are we on the brink of creating technology that outpaces our ability to control it Astrophysicist J. Craig Wheeler former president of the American Astronomical Society takes a critical look at the technological advances shaping our future From artificial intelligence to genetic engineering Wheeler explores how these innovations are interconnected and the potential they hold for humanity's evolution He warns of a future where autonomous machines outsmart us and genetic modifications challenge our very essence With thought provoking insights

into the ethical dilemmas we face Wheeler stresses the importance of staying informed and proactive Key Questions Raised by Wheeler Will there be jobs for those willing to work in a future dominated by automation How might social media companies manipulate our decisions potentially stripping us of free will Could AI influence or even dictate our voting behaviors If widespread mental connectivity becomes a reality could we see the emergence of a collective consciousness that erases individuality Have we exhausted Earth's resources and is population control necessary What implications arise if we solve aging How will society adapt to the challenges of perpetual youth What are the realistic prospects of migrating to space as Earth becomes increasingly inhospitable Our decisions today will determine if we control technology or if it controls us Through an engaging narrative Wheeler not only outlines the challenges but also offers practical advice on how we can retain control over our technological destiny Includes a Foreword by Neil DeGrasse Tyson

*How to Start a Podcast Using AI*  
Benjamin Pollack, 2025-08-21 We are in a sweet spot AI tools are polished enough to deliver professional results The podcasting space is still wide open for new voices Most people still don't realize how easy it's become to start If you wait another two years the market will be more crowded and your unique idea might already be taken by someone else Starting a podcast in 2025 is like starting a YouTube channel in 2010 the wave is building but it hasn't fully crested yet If you get in now you can ride the momentum as AI reshapes the industry This book gives you the roadmap the tools and the prompts to launch your podcast with confidence Inside you'll learn how to Plan your show and define your audience Build your podcast brand with AI powered tools Record and edit episodes quickly with professional results Distribute your show across major platforms Grow your audience and community Monetize your content and create sustainable income Avoid AI pitfalls while keeping your authentic voice You don't need a studio or expensive equipment just your voice a laptop and the willingness to start With the help of AI you can cut your production time in half create better content faster and focus on what matters most connecting with your listeners Whether you're an entrepreneur educator storyteller or simply someone with a passion to share this guide will help you go from idea to published podcast in days instead of months Your audience is already out there scrolling through Apple Podcasts or Spotify looking for someone like you This book will help you make sure they find you
