the hard spiky skin you can enjoy the soft and sweet content But networking is different for everyone and that is the problem of many guidebooks on the topic While introverts for example often don't know who to talk to because they don't like superficial small talk extroverted natures are the ramp sows at events but they lack a sound follow up that makes making contacts sustainable and efficient This guidebook addresses precisely these differences and thus helps every reader to achieve success according to his or her type Knowledge that makes a difference With its Information on Demand concept the publisher was not only involved in an EU funded program but also received several awards So when you buy the book you are also doing good The publisher is financially and personally committed to socially relevant projects such as tree planting campaigns scholarship foundations sustainable living and many other innovative ideas The goal of providing you with the best possible content on topics such as career finance management recruiting or psychology goes far beyond the static nature of traditional books The interactive book not only imparts expert knowledge but also allows you to ask individual questions and receive personal advice In doing so expertise and technical innovation go hand in hand as we take the responsibility of delivering well researched and reliable content as well as the trust you place in us very seriously Therefore all texts are written by experts in their field Only for better accessibility of information do we rely on AI supported research results to a limited extent to make information easier to find which assists you in your search for knowledge You also gain extensive premium services Each book includes detailed explanations and examples making it easier for you to successfully use the consultation services free of charge available only to book buyers Additionally you can download e courses work with workbooks or engage with an active community This way you gain valuable resources that enhance your knowledge stimulate creativity and make your personal and professional goals achievable and successes tangible That's why as part of the reader community you have the unique opportunity to make your journey to personal success even more unforgettable with travel deals of up to 75% off Because we know that true success is not just a matter of the mind but is primarily the result of personal impressions and experiences Publisher and editor Simone Janson is also a best selling author was a columnist for WELT and Wirtschaftswoche and according to ZEIT one of Germany's most bloggers on success find out more about her on Wikipedia

Build A Business Around Your Curiosity: Learn, Build, Share, Sell, Repeat Ahmed Musa, What if your curiosity wasn't a distraction but your greatest business asset This book is your permission slip to stop waiting for clarity and start building with what fascinates you Instead of following someone else's formula you'll discover how to turn your natural interests into powerful income engines without burning out faking expertise or locking yourself into one narrow niche You don't need to have it all figured out You don't need a perfect plan What you need is a loop learn something new build something small share it publicly offer it for sale and repeat That's how momentum builds That's how trust compounds And that's how modern creators are turning curiosity into profitable businesses without losing themselves in the process This approach works whether you're just getting started or reimagining your next chapter It honors the way creative minds

naturally work driven by questions inspired by patterns and fueled by experimentation You ll learn how to validate ideas by sharing your process how to grow an audience by inviting them into your learning journey and how to make money by offering simple valuable products that emerge from what you ve already explored You don t need to commit to a single topic forever You just need to commit to the loop Curiosity leads to learning Learning leads to building Building leads to sharing Sharing leads to sales Sales fund your next round of curiosity The old business model says you need to know everything upfront The new business model says start with what you re curious about and let that be more than enough This is the book for creative minds ready to turn their questions into income and their interests into impact Learn Build Share Sell Repeat

Agile 2 Cliff Berg, Kurt Cagle, Lisa Cooney, Philippa Fewell, Adrian Lander, Raj Nagappan, Murray Robinson, 2021-03-09

Agile is broken Most Agile transformations struggle According to an Allied Market Research study 63% of respondents stated the failure of agile implementation in their organizations The problems with Agile start at the top of most organizations with executive leadership not getting what agile is or even knowing the difference between success and failure in agile Agile transformation is a journey and most of that journey consists of people learning and trying new approaches in their own work An agile organization can make use of coaches and training to improve their chances of success But even then failure remains because many Agile ideas are oversimplifications or interpreted in an extreme way and many elements essential for success are missing Coupled with other ideas that have been dogmatically forced on teams such as agile team rooms and an overall inertia and resistance to change in the Agile community the Agile movement is ripe for change since its birth twenty years ago Agile 2 represents the work of fifteen experienced Agile experts distilled into Agile 2 The Next Iteration of Agile by seven members of the team Agile 2 values these pairs of attributes when properly balanced thoughtfulness and prescription outcomes and outputs individuals and teams business and technical understanding individual empowerment and good leadership adaptability and planning With a new set of Agile principles to take Agile forward over the next 20 years Agile 2 is applicable beyond software and hardware to all parts of an agile organization including Agile HR Agile Finance and so on Like the original Agile Agile 2 is just a set of ideas powerful ideas To undertake any endeavor a single set of ideas is not enough But a single set of ideas can be a powerful guide
