her subordinates were not going to their respective offices but they were all working from home She believed that they were going to their local office but that was not the case After almost 2 years of harassment hostility terrible relationship and communication with that young supervisor I lost my job of 22 years with that company I was in that job for 7 years with no complaints from any other team members and or customers The young supervisor decided that she was going to micromanaged me to death My story was that I ended up on a disability leave for 6 weeks since my working environment was totally toxic After losing my job God had opened so many opportunities for me that I am truly blessed to be able to share my story with you today As we are living in an environment that most supervisors need to learn soft skills compassion empathy vulnerability and how to deal with communicating with employees that are working remotely I decided that I was going to write an Ebook about my history to share with everyone God Blessed you and keep up your faith and your dedication even when you are working in a toxic environment God is always there with you even when you feel that you are all alone He knows of all of your struggles and he will compensate you in ways that will create miracles in your life Thank you for purchasing this E book Pass it one to someone that needs to hear this story Hugs and kisses from South Florida Coach Jacqueline Jimenez
