Often we ourselves place limits and barriers on these things and need extreme circumstances to make us see that there are other possibilities. With remote work, office not required and telecommuting will bring many advantages to us and the environment. Let's work remotely for a better world. The pandemic has forced us into remote working with no clue how to do it without the means without the preparation needed. The good thing is that it has given us the great opportunity to work from home which might otherwise have taken years or even decades to arrive. Remote work is the new normal. There is going to be more and more remote employment. It's up to you to adapt to it and to take advantage of all the benefits it holds for your career.

Carmen Corral has been remote working for more than eight years both for companies and for herself. After more than ten years working in Human Resources and Personnel Development stuck in an office from Monday to Friday 9 to 5, she decided to do something that gave her more flexibility in when and where she worked. Now she works remotely while traveling the world.

Remote Work Is Destroying Your Productivity (Here's How to Fix It) Charlotte Hayes, 2025-12-06. Remote work promised freedom: Flexible hours, no commute, work from anywhere. Yet millions of people working from home are more exhausted, less productive, and more isolated than they ever were in an office. The problem is not remote work itself. It is that nobody teaches you how to actually do it well. Without the structure of an office, boundaries blur. Work bleeds into your personal life. You are always on, always reachable, and the distinction between work time and home time disappears. Distractions multiply. Productivity plummets. Loneliness creeps in. Communication with your team becomes fragmented and confusing. You are working longer hours but producing less, feeling guilty about it and wondering if remote work was a mistake. This book cuts through the hype and reveals the real challenges of remote work, then provides the exact systems used by people who thrive in it. You will learn how to design your physical and mental workspace so focus becomes natural, not forced. The book shows you how to structure your day for maximum productivity without the illusion of always working, how to communicate effectively across distance and time zones, and how to maintain relationships with colleagues when you never see them in person. You will discover the boundary-setting strategies that

protect your personal life how to manage your energy instead of just your time and why most remote workers burn out before they find their rhythm
