Date, Gregory Stump, Joshua Anderson, 2014-04-15 Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever But is this what the Bible truly teaches Do Christians need to rethink their understanding of hell In the late twentieth century a growing number of evangelical theologians biblical scholars and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality This view contends that the unsaved are resurrected to face divine judgment just as Christians have always believed but due to the fact that immortality is only given to those who are in Christ the unsaved do not exist forever in hell Instead they face the punishment of the second death an end to their conscious existence This volume brings together excerpts from a variety of well respected evangelical thinkers including John Stott John Wenham and E Earl Ellis as they articulate the biblical theological and philosophical arguments for conditionalism These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell Dress & Vanity Fair ,1923
