The AI Advantage Thomas H.

Davenport,2019-08-06 Cutting through the hype a practical guide to using artificial intelligence for business benefits and competitive advantage In *The AI Advantage* Thomas Davenport offers a guide to using artificial intelligence in business He describes what technologies are available and how companies can use them for business benefits and competitive advantage He cuts through the hype of the AI craze remember when it seemed plausible that IBM s Watson could cure cancer to explain how businesses can put artificial intelligence to work now in the real world His key recommendation don t go for the moonshot curing cancer or synthesizing all investment knowledge look for the low hanging fruit to make your company more efficient Davenport explains that the business value AI offers is solid rather than sexy or splashy AI will improve products and processes and make decisions better informed important but largely invisible tasks AI technologies won t replace human workers but augment their capabilities with smart machines to work alongside smart people AI can automate structured and repetitive work provide extensive analysis of data through machine learning analytics on steroids and engage with customers and employees via chatbots and intelligent agents Companies should experiment with these technologies and develop their own expertise Davenport describes the major AI technologies and explains how they are being used reports on the AI work done by large commercial enterprises like Amazon and Google and outlines strategies and steps to becoming a cognitive corporation This book provides an invaluable guide to the real world future of business AI A book in the Management on the Cutting Edge series published in cooperation with MIT Sloan Management Review *AI Will Take Your Job, and It's for the Best* Jeff Schatten,Teresa Aires,2025-04-17 *AI Will Take Your Job and It s for the Best* examines how AI will free people from mundane tasks allowing them to pursue more meaningful and creative roles It s more than a forecast it s a guide to thriving in the age of AI and embracing the radical new social contract it requires [Sales Management](#) Kenneth Le Meunier-FitzHugh,Kieran Sheahan,2023-06-02 Sales are the lifeblood of the business world and therefore an area of fundamental importance for scholarly research This concise book analyses current thoughts and emerging practices in sales management research Organisations who are looking to increase revenues and add new customers to their portfolio will find it increasingly difficult to successfully do this without being aware of and adopting the appropriate adaptive sales processes Emergent themes such as agile sales management digital selling artificial intelligence and trust will be discussed in the book that also embraces the importance of customer relationship management and how salespeople are aligning their interactions with the marketing function The text will review recent research to identify how to grow and organise the sales pipeline manage hybrid sales teams and the effects of new technologies on selling processes These discussions will be helpful in highlighting issues and providing some solutions to practitioners who are operating in new environments This book will be invaluable to sales researchers as it summarises current knowledge about key sales and sales management topics and indicates possible future research directions *Sales Force Management* Joseph F. Hair, Jr.,Rolph Anderson,Rajiv Mehta,Barry Babin,2020-11-26 The second edition of *Sales Force Management* prepares students for professional success in

the field Focused on the areas of customer loyalty customer relationship management and sales technology this practical resource integrates selling and sales management while highlighting the importance of teamwork in any sales and marketing organization The text presents core concepts using a comprehensive pedagogical framework featuring real world case studies illustrative examples and innovative exercises designed to facilitate a deeper understanding of sales management challenges and to develop stronger sales management skills Supported with a variety of essential ancillary resources for instructors and students Sales Force Management 2nd Edition includes digital multimedia PowerPoints for each chapter equipped with voice over recordings ideal for both distance and in person learning Additional assets include the instructor s manual computerized and printable test banks and a student companion site filled with glossaries flash cards crossword puzzles for reviewing key terms and more Integrating theoretical analytical and pragmatic approaches to sales management the text offers balanced coverage of a diverse range of sales concepts issues and activities This fully updated edition addresses the responsibilities central to managing sales people across multiple channels and through a variety of methods Organized into four parts the text provides an overview of personal selling and sales management discusses planning organizing and developing the sales force examines managing and directing sales force activities and explains effective methods for controlling and evaluating sales force performance *Computerworld* ,2009 The Next New Pranjal Sharma,2023-05-26 WELCOME TO THE FIFTH INDUSTRIAL REVOLUTION The progression of all the industrial revolutions tells an interesting tale While the first two had a cycle of over a hundred years each the third reduced it to around seventy years With the fourth industrial revolution the world took a giant leap in connectivity However not many would have imagined that the fourth industrial revolution would give way to the fifth within the next decade paving the way for exponential technology led transformation As you read this creative destruction of business models taking place across the world in every sector From the ashes of the old are rising stunning new models The Next New identifies and profiles the deep shifts that are fundamentally changing professional careers and revenue models in every industry from mobility aerospace and smart manufacturing to green energy automation and artificial intelligence and a whole range of disruptive technologies Driven by emerging technologies demand for social inclusion and the urgency of sustainable practices a multitrillion dollar transition is under way Drawing on numerous interviews of business leaders and cutting edge research findings from MarketsandMarkets this book provides a practical roadmap to businesses as they prepare for the new ecosystem being created in turn helping to articulate the fifth industrial revolution with greater success **The Automation Advantage: Embrace the Future of Productivity and Improve Speed, Quality, and Customer Experience Through AI** Bhaskar Ghosh,Rajendra Prasad,Gayathri Pallail,2021-12-07 From the global automation leaders at Accenture the first ever comprehensive blueprint for how to use and scale AI powered intelligent automation in the enterprise to gain competitive advantage through faster speed to market improved product quality higher efficiency and an elevated customer experience

Many companies were already implementing limited levels of automation when the pandemic hit. But the need to rapidly change business processes and how organizations work resulted in the compression of a decade's worth of digital transformation into a matter of months. Technology suddenly became the essential element for rapid organizational change and the creation of 360 degree value benefiting all stakeholders. Businesses are faced with the imperative to embrace that change or risk being left behind. In *The Automation Advantage*, global enterprise technology and automation veterans Bhaskar Ghosh, Rajendra Prasad, and Gayathri Pallail give business leaders and managers the action plan they need to execute a strategic agenda that enables them to quickly and confidently scale their automation and AI initiatives. This practical and highly accessible implementation guide answers leaders' burning questions such as: How do I identify and prioritize automation opportunities? How do I assess my legacy systems and data issues? How do I derive full value out of my technology investments and automation efforts? How can I inspire my employees to embrace change and the new opportunities presented by automation? *The Automation Advantage* goes beyond optimizing process to using AI to transform almost any business activity in any industry to make it faster, more streamlined, cost efficient, and customer focused, vastly improving overall productivity and performance. Featuring case studies of successful automation solutions, this indispensable road map includes guiding principles for technology governance, culture, and leadership change. It offers a human-centric approach to AI and automation that leads to sustainable transformation and measurable business results.

Epic Content Marketing, Second Edition: Break through the Clutter with a Different Story, Get the Most Out of Your Content, and Build a Community in Web3 Joe Pulizzi, Brian W. Piper, 2023-03-07

From the godfather of content marketing, this completely revised and expanded edition brings marketers fully up to date on the newest content marketing methods and tools, including Web3. When *Epic Content Marketing* was first published eight years ago, content marketing was just starting to pick up speed in the marketing world. Now, this approach, which includes everything from blogging to YouTube videos to social media, is the core of most organizations' marketing plans. Fully revised and updated, this new edition walks you through the process of developing stories that inform and entertain and compel customers to act without actually telling them to. In addition to covering all the important social media platforms that have arisen over the past eight years and introducing the creator economy, it shows how to update existing content and make new content that performs in strategic ways. Updates include: New content models, structures, and opportunities; Content entrepreneurship; content mergers and acquisitions; Subscriptions and audience building; Team structure; importance of community; DAOs and creator networks; Content options; NFTs and discord servers; Making data-driven decisions to optimize content performance; Distributed the right way at the right time. *Epic Content* is the best way to truly capture the hearts and minds of customers. It's how to position your business as a trusted expert in its industry. It's what customers share and talk about. This updated edition of the trusted guide provides everything you need to succeed in the new world of content marketing.
