OUR OFFICES

We maintain a team of about 100 year-round and 200-300 seasonal team members during our busy holiday season, all under one roof in Sunset Park's Brooklyn Army Terminal. We're committed to paying a living wage, with hourly team members paid at least \$15.00 above the federal minimum.

"I've learned that people give their best effort when they feel like you are there and you value them... They feel like they've been heard and like them. Insignificant is biggest word. It's definitely an attraction factor. You know you can't be a successful person and make sure it's a meaningful work."

Efraim Turban, Judy Strauss, Linda Lai

Easy Newsletter Business Ideas Guide For Millennials:

Handbook of Research on Ethnic and Intra-cultural Marketing Brodowsky, Glen H., Schuster, Camille P., Perren, Rebeca, 2022-10-11 Investigating how markets are becoming increasingly similar across countries while simultaneously becoming more diverse and heterogeneous within countries this timely Handbook explores novel and under researched sub cultural marketing segments Contributions from a diverse group of established and emerging marketing scholars examine how we might better understand and serve new generations of consumers from a variety of generational ethnic and religiously diverse market segments

The Generation Myth Bobby Duffy, 2021-11-09 Millennials Baby Boomers Gen Z we like to define people by when they were born but an acclaimed social researcher explains why we shouldn't Boomers are narcissists Millennials are spoiled Gen Zers are lazy We assume people born around the same time have basically the same values It makes for good headlines but is it true Bobby Duffy has spent years studying generational distinctions In *The Generation Myth* he argues that our generational identities are not fixed but fluid reforming throughout our lives Based on an analysis of what over three million people really think about homeownership sex well being and more Duffy offers a new model for understanding how generations form how they shape societies and why generational differences aren't as sharp as we think *The Generation Myth* is a vital rejoinder to alarmist worries about generational warfare and social decline The kids are all right it turns out Their parents are too

Social Commerce Efraim Turban, Judy Strauss, Linda Lai, 2015-11-17 This is a multidisciplinary textbook on social commerce by leading authors of e commerce and e marketing textbooks with contributions by several industry experts It is effectively the first true textbook on this topic and can be used in one of the following ways Textbook for a standalone elective course at the undergraduate or graduate levels including MBA and executive MBA programs Supplementary text in marketing management or Information Systems disciplines Training courses in industry Support resources for researchers and practitioners in the fields of marketing management and information management The book examines the latest trends in e commerce including social businesses social networking social collaboration innovations and mobility Individual chapters cover tools and platforms for social commerce supporting theories and concepts marketing communications customer engagement and metrics social shopping social customer service and CRM contents the social enterprise innovative applications strategy and performance management and implementing social commerce systems Each chapter also includes a real world example as an opening case application cases and examples exhibits a chapter summary review questions and end of chapter exercises The book also includes a glossary and key terms as well as supplementary materials that include PowerPoint lecture notes an Instructor's Manual a test bank and five online tutorials

Succession Planning for Small and Family Businesses William J. Rothwell, Robert K. Prescott, 2022-10-04 Who will lead your organization into the future Have you created the systems to properly implement required succession transitions Have you put the financial tools in place to fund the transition Do you want a plan that connects with your

personal and company core values When do you include timely planning related to strategy and talent issues What are the appropriate communication strategies for sharing your plan What legal issues need consideration related to the strategy financial and people aspects of succession So what is preventing you from starting this effort tomorrow Small and family businesses are the bedrock of all businesses More people are employed by small and family owned businesses than by all multinational companies combined Yet the research on small and family businesses is bleak fewer than one third of small business owners in the United States can afford to retire Only 40% of small businesses have a workable disaster plan in case of the sudden death or disability of the owner and only 42% of small businesses in the United States have a succession plan Fewer than 11% of family owned businesses make it to the third generation beyond the founder Lack of succession planning is the second most common reason for small business failure Many organizations often wonder where to start and what to do Succession Planning for Small and Family Businesses Navigating Successful Transitions presents a comprehensive approach to guiding such efforts Small and family owned businesses rarely employ first rate well qualified talent in human resources More typically business owners must be jacks of all trades and serve as their own accountants lawyers business consultants marketing experts and HR wizards Unfortunately that does not always work well when business owners embark on planning for retirement or business exits To help business owners avert problems this book advises on some of the management tax and financial legal and psychological issues that should be considered when planning retirement or other exits from the business This comprehensive approach is unique when compared to the books articles and other literature that currently exist on the market This book takes on a bold and integrated approach Relevant research combined with the rich experiences of the authors connects this thorough evidence based approach to action based approaches for the reader Bridging the Soft Skills Gap Bruce Tulgan, 2015-09-15 Solve the number one problem with today s young workforce the soft skills gap The number one challenge with today s young talent is a problem hiding in plain sight the ever widening soft skills gap Today s new young workforce has so much to offer new technical skills new ideas new perspective new energy Yet too many of them are held back because of their weak soft skills Soft skills may be harder to define and measure than hard skills but they are just as critical People get hired because of their hard skills but get fired because of their soft skills Setting a good example or simply telling young workers they need to improve isn t enough nor is scolding them or pointing out their failings in an annual review However you can teach the missing basics to today s young talent Based on more than twenty years of research Bruce Tulgan renowned expert on the millennial workforce offers concrete solutions to help managers teach the missing basics of professionalism critical thinking and followership complete with ninety two step by step lesson plans designed to be highly flexible and easy to use Tulgan s research and proven approach has show that the key to teaching young people the missing soft skills lies in breaking down critical soft skills into their component parts concentrating on one small component at a time with the help of a teaching style manager Almost all of the exercises can be done in less than an

hour within a team meeting or an extended one on one The exercises are easily modified and customized and can be used as take home exercises for any individual or group to guide one on one discussions with direct reports and in the classroom as written exercises or group discussions Managers and their young employees will find themselves returning to their favorite exercises over and over again One exercise at a time managers will build up the most important soft skills of their new young talent These critical soft skills can make the difference between mediocre and good between good and great between great and one of a kind *ADRIIS Newsletter* ,1995 **“The” Illustrated London News** ,1873 **Power Moves** Lauren McGoodwin,2020-05-19 From the founder of the influential website Career Contessa an invaluable career resource for women feeling stuck or unfulfilled that combines actionable advice learning tools to make impactful life changes and an in depth discussion of how to build a meaningful career on your terms With her popular website Career Contessa Lauren McGoodwin built an audience of ambitious professional millennial women who thought they did everything right they got the degree the internship and even the promotion but still wondered why they felt stuck and unfulfilled The first site of its kind to focus on the unique complex aspects of women s careers Career Contessa offers women the smart advice they deserve in a voice that resonates Drawing on the insights and lessons developed from Career Contessa Power Moves is the essential handbook that helps professional women truly feel understood so they can bypass perfection and planning and head straight to evolving McGoodwin addresses young professionals number one concern career transitions and growth and engages them with specific goals including What is a Power Move and why they matter Cutting out comparison shame and self loathing How to abandon the elusive dream job Embracing your inner questioner your inner quester and your inner quitter Making money moves and taking control of your financial future Tuning out from the noise and tuning into your voice Power Moves is filled with the information guidance advice and essential tools including helpful graphics that can help women take decisive bold steps without self doubt and fear Power Moves shows women how to build a successful career on their own terms

The Villager ,1918 [How Change Happens](#) Leslie R. Crutchfield,2018-05-01 Discover how those who change the world do so with this thoughtful and timely book Why do some changes occur and others don t What are the factors that drive successful social and environmental movements while others falter How Change Happens examines the leadership approaches campaign strategies and ground level tactics employed in a range of modern social change campaigns The book explores successful movements that have achieved phenomenal impact since the 1980s tobacco control gun rights expansion LGBT marriage equality and acid rain elimination It also examines recent campaigns that seem to have fizzled like Occupy Wall Street and those that continue to struggle like gun violence prevention and carbon emissions reduction And it explores implications for movements that are newly emerging like Black Lives Matter By comparing successful social change campaigns to the rest How Change Happens reveals powerful lessons for changemakers who seek to impact society and the planet for the better in the 21st century Author Leslie Crutchfield is a writer lecturer social impact advisor and leading

authority on scaling social innovation She is Executive Director of the Global Social Enterprise Initiative GSEI at Georgetown University's McDonough School of Business and co author of two previous books *Forces for Good* and *Do More than Give* She serves as a senior advisor with FSG the global social impact consulting firm She is frequently invited to speak at nonprofit philanthropic and corporate events and has appeared on shows such as ABC News Now and NPR among others She is an active media contributor with pieces appearing in The Washington Post Fortune.com CNN Money and Harvard Business Review.com Examines why some societal shifts occur and others don't Illustrates the factors that drive successful social and environmental movements Looks at the approaches strategies and tactics that changemakers employ in order to effect widescale change Whatever cause inspires you advance it by applying the must read advice in *How Change Happens* whether you lead a social change effort or if you're tired of just watching from the outside and want to join the fray or if you simply want to better understand how change happens this book is the place to start
