## **Indias Tryst With Destiny Debunking Myths That Undermine Progress And Addressing New Challenges Jagdish Bhagwati Arvind Panagariya:**

**War Room: The People, Tactics and Technology behind Narendra Modi's 2014 Win** Ullekh NP, 2015-01-26 War Room stands out as an example of real field work and rigorous research Anyone who wants to understand how decisions are made in India should read this brilliant study of the BJP Dr Walter K Andersen Author of *The Brotherhood in Saffron The Rashtriya Swayamsevak Sangh and Hindu Revivalism* Ullekh NP has crafted a well researched and gripping narrative of how the BJP seized the moment in 2014 Its penetrating analysis of the personalities politics and methods of Modi and Amit Shah makes it a useful resource for answering the major question of India s near term political future Will the BJP in the Modi era realize its ambition of building 2014 to emerge as the dominant party nationwide Sumantra Bose Professor of International and Comparative Politics London School of Economics Author of *Transforming India Challenges to the World s largest Democracy* Ullekh NP tells the story of Narendra Modi s campaign to lead the world s largest democracy A man destined to reign on his own terms Modi knew that being resilient was more important than being first and fast Years after War Room is published people will refer to it as the book that told the story of India s most spectacular election in May 2014 in all its subtle and magnificent details Chitra Subramaniam Award winning Journalist and Author *Crony Capitalism in India* Naresh Khatri, Abhoy Ojha, 2017-07-17 *Crony Capitalism in India* provides a comprehensive and scholarly examination of the important topic of crony capitalism filling an important gap in the market Bringing together experts from various backgrounds it addresses the key underpinnings of this complex and multifarious issue Given the emergent nature of the Indian economy this book provides important information for decision makers in both government and business to help establish a robust institutional framework that is so desperately needed both in India and globally *The Socio-political Ideas of BR Ambedkar* Bidyut Chakrabarty, 2018-10-03 Dr Bhimrao Ramji Ambedkar 1891 1956 popularly known as Babasaheb stands out for his relentless battle against caste discrimination He was a voice for the marginalized of India s demography that remained peripheral due to well entrenched socio economic and political prejudices This book is an analytical account of how Ambedkar s socio political ideas evolved as part of his wider politico ideological challenge against self motivated designs for exploitation of human beings by human beings The author contends that it was an ideological discourse that he built in a context when dominant nationalist viewpoints seem to have hardly left space for any other discourse to grow The book argues that Ambedkar s socio political ideas were an outcome of his personal experiences of social atrocities which were justified as integral to the caste system The book comprises six substantial chapters which delve into the socio political ideas of BR Ambedkar concentrating on those sets of ideas through which he established his claim as an original thinker in opposition to the dominant nationalist discourse Unlike the most conventional studies of Ambedkar s thoughts and ideas the book provides a new methodological tool to decipher their conceptual roots It is therefore argued that

Babasaheb's unique conceptualization of social justice was not just an outcome of his existential existence of being a Dalit but an offshoot of his own understanding of liberalism as a mode of emancipating human beings from shackles of authority power and domination. Examining Ambedkar's ideas, the book charts and examines the growth and consolidation of constitutional democracy in India since it was inaugurated with the acceptance of the 1950 Constitution. It will be of interest to scholars in the fields of Indian political theory, South Asian politics and history.

**India's Constitutional Identity** Bidyut Chakrabarty, 2019-03-04. An analysis of selective aspects of India's constitutional identity, this book provides an analytical account of the changing and changed texture of India's constitutional identity bearing in mind the historical context in which it is articulated. The book conceptualizes the gradual evolution of an idea by tracing the history of India's constitutionalism with reference to its conceptual roots, historical antecedents and the landmark judicial pronouncements in which the concern for its retention and protection is always privileged. The author examines specific constitutional designs that the 1950 Constitution of India put in place and argues that constitutional identity, despite being drawn on specific constitutional provisions, is also changeable in view of the rapidly transforming socio-economic milieu. He demonstrates that there are numerous instances where India's constitutional identity has undergone a metamorphosis in circumstances where newer politico-ideological values and norms are privileged. A valuable addition to the literature on constitutionalism and constitutional practices in general and their manifestation in India's democratic experiences in particular, this book will be of interest to academics in the fields of Government, Political Science, Law and Jurisprudence, Constitutional and Legal History and Asian Studies.

*Constitutional Democracy in India* Bidyut Chakrabarty, 2018-01-12. Constitutional democracy is both a structure of governance and a way of providing an ideological perspective on governance. The 1950 Constitution of India established constitutional democracy in India, and the narrative of the rise and consolidation of constitutional democracy in India cannot be understood without comprehending the politico-ideological processes that consolidated simultaneously both colonialism and constitutional liberalism. This book examines the processes leading to constitutionalizing India and challenges the conventional idea that the Constitution of India is a borrowed doctrine. A careful study of the processes reveals that the 1950 Constitution was the culmination of an ideational battle that had begun with the consolidation of the British Enlightenment philosophy in the early days of British paramountcy in India. The book therefore argues that constitutionalizing endeavour in India had a clear imprint of ideas which had its root in this philosophy. The study reveals a striking continuity of the same kind of ideological sentiments when the nationalists devised their own constitutionalizing design visible in the 1928 Motilal Nehru report and which reappeared in the 1945 Sapru Committee report. Deviating from the conventional study of constitutional evolution of a polity which is generally legalistic, this book explores the processes since the beginning of colonial rule in India which led to the conceptualization of constitutional democracy in a milieu engaging with arguments formulated by James and JS Mill. A detailed analysis of the roots of constitutional and political

liberalism in India this book sheds light on the material surrounding India's constitutional development. It will be of interest to scholars in the field of Indian Political Theory, South Asian Politics and History. *Planning in the 20th Century and Beyond* Santosh Mehrotra, Sylvie Guichard, 2020-10-29. Examines the history of the idea of planning and the history and experience of planning in India.
