Financial Management Theory and Pract Chandra Prasanta, Chandra, 1997 Guide to International Financial
 Management John Fred Weston, Bart W. Sorge, 1977 Isolates the key concepts and decision areas of international financial
 management The central theme is that the international financial markets are efficient because of informed participants but
 managers of firms must increasingly prepare themselves to become aware of international factors and to react to them on an
 informed basis Provides materials for understanding the events taking place and to serve as a foundation for continued study
 Topics range from the development of an international firm to government rules and policies affecting international business
