Great Speeches for Criticism and Analysis Lloyd Earl Rohler, Roger Cook, 1998 Includes transcripts of over 50 political speeches from such orators as Martin Luther King Jr Barbara Jordan Winston Churchill Harry S Truman and other political figures Some speeches also include critical analysis **Hitler's Police Battalions** Edward B. Westermann, 2005 When the German Wehrmacht swarmed across Eastern Europe an elite corps followed close at its heels Along with the SS and Gestapo the Ordnungspolizei or Uniformed Police played a central role in Nazi genocide that until now has been generally neglected by historians of the

war Beginning with the invasion of Poland the Uniformed Police were charged with following the army to curb resistance pacify the countryside patrol Jewish ghettos and generally maintain order in the conquered territories Edward Westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the Third Reich's political and racial enemies In Hitler's Police Battalions he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought To uncover the story of how the German national police were fashioned into a corps of political soldiers Westermann reveals initiatives pursued before the war by Heinrich Himmler and Kurt Daluege to create a culture within the existing police forces that fostered anti-Semitism and anti Communism as institutional norms Challenging prevailing interpretations of German culture Westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged Purged of dissidents indoctrinated to idolize Hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against Jews Slavs gypsies asocials and other groups on their own initiative even when they had the choice not to In addition to documenting these atrocities Westermann examines cooperation between the Ordnungspolizei and the SS and Gestapo and the close relationship between police and Wehrmacht in the conduct of the anti partisan campaign of annihilation Throughout Westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups It was the organizational culture of the Uniformed Police he maintains and not German culture in general that led these men to commit genocide Hitler's Police Battalions provides the most complete and comprehensive study to date of this neglected branch of Himmler's SS and Police empire and adds a new dimension to our understanding of the Holocaust and the war on the Eastern front *The New York Times Index*, 1923 **A History of the Modern World** Robert Roswell Palmer, Joel Colton, 1992 Historical Abstracts, 1991 **The Manchester Guardian Weekly**, 1949 Games Nations Play John W. From Antiquity to the Enlightenment John P. McKay, Bennett D. Hill, John Buckler, 1999 *A History of Western Society: From absolutism to the present* John P. McKay, Bennett D. Hill, John Buckler, 1999 **On Germans and Jews Under the Nazi Regime** Mosche Zimmermann, 2006 A member of the The Richard Koebner Minerva Center series this unique volume which is sure to engage the attention of both scholars and the general public is an unparalleled cross generational and international dialogue among eminent historians about three central aspects of the unfathomable enigma of the Holocaust In the first section beyond a seminal overview of sixty years of research the writers reflect on historiography and historical thought ranging from contemporaries of the Third Reich to the ongoing discussion about the controversial role post war West German historians played in Holocaust research This is followed by a section focusing on social antisemitism until the 1950s and the German public's awareness of the Holocaust including the posture of the German Resistance Movement

The third major theme is the Jewish society from its initial attempts to develop new forms of societal life under the Nazi regime until the brink of annihilation during the mass deportation from the Warsaw Ghetto to Treblinka. The concluding chapter sheds light on the unresolved tension between reflective personal memory and impersonal historical research of this dark period in human history.
