Make Money Blogging Joseph Hogue, 2017-01-19

Go beyond lame blogging books with this step by step into nine proven systems to make money blogging. I spent years wanting to start a blog. I hated my job and knew I didn't want to spend a third of my day miserable, but looking through blogging books, all I found were generic strategies and false promises. They all promised huge income, but none really told me how much bloggers make or how to make money online. I said screw it and started my blogs anyway. In 2014, I quit my job and spent 60 hours a week building my sites and learning how to make money blogging. You know what it paid off. I doubled my monthly income last year and now make more than 85% of bloggers. That's in just two years of blogging and I make money from seven different income sources every month. Flip flops and a T shirt are my uniform and I'm loving it.

You Don't Have 60 Hours a Week to Learn How to Make Money Online

I didn't start making money blogging overnight. I treated it like a business. I put everything into it and sacrificed life for months to learn how to start a blog and be successful. My pain is your gain. You don't have to sacrifice a year of your time to start making money and work from home. I put everything I learned on my own into this book, from the easiest ways to make money to the methods that make thousands a month.

Making Money Blogging and Only Making Money

This isn't just another generic blogging book covering everything from starting a blog to building traffic, and then offering a side note on a few ways to make money. You can find that anywhere. Type "Start a Blog" in Google and you'll find thousands of articles on how to setup your site, but none of them tell you exactly how to make money. Believe me, I tried and had to learn the hard way. This book is 100% dedicated to giving you the tools that make money on websites. In this book, you'll learn the proven one year strategy for developing different income sources on your blog, from the immediate payoffs to the methods that make thousands a month.

pg 171 The complete sales funnel one blogger uses to sell his 1,000 courses and make between 30,000 to 70,000 every single month.
