Book: Make Money with ChatGPT, ChatGPT for Beginners, AI Tools, Passive Income Ideas, ChatGPT Prompts. Matt Kingsley, 2025-11-13 Let's get real. If you're serious about winning with AI, creating better content, slicing learning curves in half, and out-creating your competition, you need one thing other people don't have: Prompts that actually work. AI Prompts for Nerds isn't another surface-level book filled with theory or recycled prompt tips. This is a playbook built for results: real-world, ready to deploy, zero fluff. Prompts for creators, entrepreneurs, coders, marketers, and anyone who wants to unlock unfair leverage with AI. Proof. This isn't guesswork. The prompts, chains, and frameworks in this book are drawn from the trenches used to generate everything from bestselling digital products and viral campaigns to wildly creative novels, code, and business systems that make you money while you sleep. Hundreds of creators and digital entrepreneurs are using these exact frameworks right now to save time, crush burnout, and dominate new markets while others are still stuck in prompt roulette. Promise: You'll walk away with a master key. Write better, faster, smarter, on command. Generate viral ideas, high-converting copy, or innovative business systems in minutes. Build your own style so your AI content doesn't sound like every other "Me Too" bot out there. Transform research, game design, fiction, nonfiction, and marketing with plug-and-play prompt chains. And you'll own the most important competitive edge in digital business today: the ability to tell AI exactly what you want and get it every time. How does it work? Step 1: Crack open any chapter. Get step-by-step prompt blueprints for real projects, no fluff, all execution. Step 2: Steal the 1000 proven prompts, plus pro tips and best-in-the-world examples. Step 3: Apply, iterate, and watch your output and opportunities multiply. Step 4: Bonus. Learn how to customize everything for your unique voice, niche, or business model. No more copycat results. Still on the fence? Here's the kicker: If you use just one prompt from this book and it doesn't 10x your creative output, workflow, or income opportunities, you missed the best chapter. So what's the real risk? Most creators and business owners waste hours every week with weak prompts and generic tools, not because they're lazy, but because nobody handed them the proven playbook. Imagine what you get back in time, skill, and money by using a system
