If Social Viral Marketing Doesn't Make Dollars, it Doesn't Make Sense Dwayne Anderson, 2018-05-10 If Social Viral Marketing Doesn't Make Dollars it Doesn't Make Sense Well Viral marketing is still a hot buzzword since last 20 years for the unpredictable internet and is still much sought after strategy until today As a marketer you are probably familiar with the

idea of Getting Viral and would love to capitalize on the process but the truth is there are many misconceptions about what it really takes to implement a working strategy as well as the enormous benefits that ensue from its implementation as usually marketers will say that you do not need mainstream media to build awareness but no one can deny the power it upholds and that the audience still holds the major authority to boost its popularity With the goal of getting hordes of people spreading the word about your products and services Getting Viral has gone to a new level altogether It remarkably helps in increasing brand exposure visibility and better traffic conclusively getting you increased business revenue It has also worked for thousands of marketers miraculously in improving the growth of their businesses And you too might have tried everything in your power to solve the puzzle and yet despite your best intentions you re still inundated with Not knowing how to get started Not finding the right strategies to follow Not getting the desired results from a long time Because life s not a bed of roses every time Viral marketing when done correctly gives media outlets a reason to cover your brand without you paying or petitioning for it According to Jupiter Research more than 90% of consumers said they told at least one other person about a website when the original recommendation came from a friend Using Viral Marketing to spread positive word of mouth for your brand does not need application of any HI TECH Formula You just have to use our SIMPLE PROVEN techniques in the correct way and let your profits galore Viral marketing is not a trial and error method where you can stroke unlimited wrong moves and get lost in the deep sea of misfortunes But success comes only to those who know how to fill in the missing pieces and tweaking it right So to skyrocket results from your hard work you need a step by step guidance that not only explains the latest and proven Viral Marketing techniques but also enables you to use them properly to Get all the Dollars as they usually are able to consolidate to Make all Sense *Mastering Web and Social Media with Content Strategy* Emanuele M.
