popular is MailChimp If you've ever wanted to try MailChimp but weren't sure where to start or possibly found it intimidating then this is the book for you Follow along with simple step by step instructions that will make it easy to master sending your first campaign and get you connecting with your fan base In this short guide you'll discover How to set up your account and start your first list How to build various types of signup forms How to build your first campaign How to understand analytics Ideas for building your mailing list General tips and do's and don'ts for writing your campaigns Explore further integrations such as WordPress plugins mobile apps Facebook and tablet forms Email marketing shouldn't be hard and it shouldn't cost you an arm and a leg either so sit back pull up a seat and let's start building you some new skills email marketing indie author self publishing mailchimp newsletter online marketing beginners

37 Simple Ways to Build Your List Toni Hopkins, 2012-11-23 One of the biggest problems I see newsletter and ezine publishers having online is that they write about subjects no one in their market is interested in They just write about whatever they think people want to know about without doing any of the research which is a huge no no Another problem is publishers who have a market well defined don't then write the content in their newsletters that interests their readers There is no use having an ezine on coin collecting and running articles on stamp collecting just because you couldn't be bothered finding the right content for your ezine This is easily overcome Just send out an email asking your readers what they want to read Also sign up for other ezines in your market and see what they are writing about read more
