

# The benefits of a hybrid work schedule

Hybrid work helps to achieve sustainability goals. When staff isn't commuting to work, they aren't producing any excess emissions.

When staff work from home, you may be able to save on office costs. That might be through reduced heating, lighting, rent, or other office supplies.

Your company will be more attractive to potential applicants. Today, more and more people expect to be able to work remotely - giving applicants a truly flexible schedule is a feature they will appreciate.
