Human Resource Management Lloyd L. Byars, Leslie W. Rue, 1991 *Writing Performance, Identity, and Everyday Life* Ronald J. Pelias, 2018-03-13 *Writing Performance Identity and Everyday Life* invites the reader into Ronald J. Pelias world of artistic and everyday performance. Calling upon a broad range of qualitative methods, these selected writings from Pelias submerge themselves in the evocative and embodied in the material and consequential, often creating moving accounts of their topics. The book is divided into four sections: Foundational Logics, Performance Identity, and Everyday Life. Part I addresses the methodological underpinnings of the book, focusing on the touchstones that inform Pelias work: performative, autoethnographic, poetic, and narrative methods. These directions push the researcher toward empathic engagement, a leaning toward others using the literary to evoke the cognitive and affective aspects of experience and an ethical sensibility located in social justice. Parts II-IV focus on artistic and everyday life performances, including discussions of the disciplinary shift from the oral interpretation of literature to the field of performance studies, empathy and the actor's process, conceptions of performance, the performance of race, gender, and sexuality, and performances in interpersonal relations and academic circles. By the end, readers will see Pelias demonstrate the power of qualitative methods to engage and to present alternative ways of being. Pelias work shows us how to understand and feel the evocative strength of thinking performatively. **Encyclopedia of the Essay** Tracy Chevalier, 1997. Social Justice Consortium, 2004. This book describes seven faculty members and a graduate student at one university who systematically engaged in a conversation about their experiences in urban education over a three-year period. Authors used stand-point epistemology, their own social locations as visas of credibility for their border crossings to urban schools. Through their stories, a rare communal bond developed, characterized by caring and critique. This bonding both challenged and informed traditional notions of scholarship. *En solo*. In the end, both urban schools and collaboration were more than conceptual places the authors had traveled; they were liberating states of mind. It is hoped that this work will be a model for future teacher-educators to learn and grow by in their collective and united quest for social justice in their immediate urban and institutional surroundings. *Personnel Management of White-collar Employees with Special Reference to Health, Social Welfare, and Family Planning Workers* Donald J.
