 Thiel,2016-03-03 How can greater understanding of social responsibility within a local context empower companies local  
 communities and governments What is the relationship among business local communities and governments with regard to  
 social responsibility in developing emerging and advanced economies What is the nature of the relationship between  
 individual responsibility social responsibility and profit These are some of the most meaningful questions in the CSR and  
 sustainability sphere today and yet hitherto the social domain has received remarkably little detailed coverage In this  
 fascinating book Monica Thiel tackles these questions head on discussing the lack of social responsibility engagement with  
 local communities by corporations and governments and the lack of reciprocal social responsibility and sporadic participation  
 from individuals and local communities themselves The Social Domain in CSR and Sustainability provides a new and unique

contribution to the body of knowledge in CSR and sustainability With practical tools for business government and local community leaders faced with challenging societal constraints and consumer and public demands on a daily basis readers will be in a better position to manage and develop CSR and sustainability strategies a task increasingly crucial for successful managers and leaders in companies local communities and governments
