Affordable Hybrid Work Schedule For Beginners Online:

Digital Learning Michael E. Milakovich, Jean-Marc Wise, 2019 Today quality of education hinges less on mode of instruction or institutional reputation than on the commitment of individual administrators and instructors to understand and apply digital learning Digital Learning reveals the technologies behind successful implementation of online learning and teaching and introduces the most important concepts and relationships in plain language Readers are also provided with a glossary of key terms and a selection of resources [Creating a Place for Adult Learners in Higher Education](#) Amy D. Rose, Jovita M. Ross-Gordon, Carol E. Kasworm, 2023-12-29 Creating a Place for Adult Learners in Higher Education offers deep insights into how to attract teach support and retain students over the age of 25 an important yet often overlooked student group Comprehensive in scope this book covers all the main aspects of adult students relationships with higher education institutions recruitment admissions and financing course and program provision and teaching approaches and student support retention and completion The discussion is bolstered by chapters of analysis on adult student demographics including both diversities and commonalities exploration of leadership challenges and discussion of measurements of success Drawing from the most up to date research as well as practical experience and descriptions of best practices by programs historically serving adults the authors provide a broad set of strategies and recommendations to place adult students at the center of the educational process Higher education leaders practitioners and administrators will find this book an invaluable resource as they seek to better account for and support this key student group which now comprises approximately 30% of the US undergraduate population **Digital Media in Teaching and its Added Value** David F. Conway, Stefanie Hillen, Melodee Landis, Mary T. Schlegelmilch, Peter Wolcott, 2015 This book project was initiated in fall 2013 at the University of Nebraska at Omaha UNO Nebraska during a Global Engagement Research and Teaching Workshop between faculty from UNO and the University of Agder UiA Norway The anthology presents articles that center on the application of digital technologies that add value to the teaching and learning process in a globalized context The unique focus of the book is the intersection between pedagogy and technology specifically the innovative use of technology to improve higher education teaching and learning With the increased mobility of faculty and students more diversity among our students and faculty increased cross disciplinary designs alternative environments enabled by technology and greater demand from the millennial generation for increased access and flexibility it is important to share accounts where technology has made a positive impact on the instructional process Topics that are discussed are local studies with implications for the global environment and the innovative use of technology to improve higher education teaching and learning The target audiences for the book are researchers teachers and stakeholders in learning organizations interested in using IT for teaching and learning **The Role of ICT in Enhancing Teaching and Learning Outcomes** Dr. MAHAJAN KRISHNA PRASAD, 2025-03-24 **Information and Software Technologies** Audrius Lopata, Daina Gudonienė, Rita Butkienė, Jonas
