Affordable Work From Home Jobs For Dads:

Getting Me Cheap Amanda Freeman, Lisa Dodson, 2022-11-29 Two groundbreaking sociologists explore the way the American dream is built on the backs of working poor women. Many Americans take comfort and convenience for granted. We eat at nice restaurants, order groceries online, and hire nannies to care for kids. *Getting Me Cheap* is a riveting portrait of the lives of the low wage workers, primarily women, who make this lifestyle possible. Sociologists Lisa Dodson and Amanda Freeman follow women in the food, health care, home care, and other low wage industries as they struggle to balance mothering with bad jobs and without public aid. While these women tend to the needs of well off families, their own children frequently step into premature adult roles, providing care for siblings and aging family members. Based on years of in depth field work and hundreds of eye opening interviews, *Getting Me Cheap* explores how America traps millions of women and their children into lives of stunted opportunity and poverty in service of giving others of us the lives we seek. Destined to rank with works like *Evicted* and *Nickel and Dimed* for its revelatory glimpse into how our society functions behind the scenes, *Getting Me Cheap* also offers a way forward with both policy solutions and a keen moral vision for organizing women across class lines.

My Father's Brain Sandeep Jauhar, 2025-06-23 There may be up to 10 million Indians living with Alzheimer's disease or related dementias, and that number is expected to increase dramatically in the next few decades. What is it like to live with, and amid, this increasingly prevalent condition, an affliction that some fear more than death? In *My Father's Brain*, the distinguished physician and author Sandeep Jauhar sets his father's descent into Alzheimer's alongside his own journey toward understanding this disease and how it might best be coped with, if not cured. In an intimate memoir rich with humour and heartbreak, Jauhar relates how his immigrant father and extended family felt quarrelled and found their way through the dissolution of a cherished life. Along the way, he lucidly exposes what happens in the brain as we age and our memory falters, and explores everything from the history of ancient Greece to the most cutting edge neurological and bioethical research. Throughout *My Father's Brain*, he confronts the moral and psychological concerns that arise when family members must become caregivers when children's and parents' roles reverse, and when we must accept unforeseen turns in our closest relationships and in our understanding of what it is to have a self. The result is a work of essential insight into dementia and into how scientists, caregivers, and all of us in an aging society are reckoning with the fallout.

One Step Beyond Alex "Sonny Boy" Bellehumeur, 2023-02-22 Alex Sonny Boy Bellehumeur, author herein, dedicates this journal to Dr. Stuart Farber, dean of students and professor at the College of Business Administration at California State University, who encouraged Alex to publish a book about his life.
