Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Beginner's Guide to Creating Content for Instagram** James Oliver, 2025-11-17 Are you ready to stop scrolling and start thriving on Instagram Whether you re a complete beginner a small business owner or an aspiring content creator this is your ultimate roadmap to building a powerful authentic presence that attracts followers and turns engagement into opportunity Beginner s Guide to Creating Content for Instagram takes you step by step through everything you need to know to grow confidently on the world s most influential social media platform Inside you ll learn how to master Instagram s ecosystem create scroll stopping content and build a brand that truly stands out all without expensive ads or fake followers What You ll Learn Inside How to set up and optimize your Instagram profile for growth and discovery Strategies for defining your personal brand identity color palette and visual style The secrets behind Instagram s algorithm and how to make it work for you not against you How to plan content like a pro with calendars storytelling frameworks and time saving tools Step by step guidance for
