AI-Powered Pedagogy and Curriculum Design Geoff Baker, Lucy Caton, 2025-09-17 AI Powered Pedagogy and Curriculum Design offers practical insights and guidance on the effective integration of AI tools into teaching practices and curriculum design While numerous claims exist as to the validity and authenticity of the applications of AI in schools too little attention has been paid to empirical research conducted with and by teachers in real world classrooms This book synthesises diverse viewpoints from teacher educators across disciplines and levels toward a comprehensive context specific understanding of the challenges and best practices for responsibly leveraging Generative AI to enhance outcomes in classrooms Contributors further shed light on how Generative AI can align with standards assessment practices and teacher training programs in different settings Firsthand classroom experiences and experimental approaches of educators in the United Kingdom and Europe will provide current and aspiring teachers with insights into the intersection between AI and teacher empowerment student participation ethical implications and socially just approaches

Once I Was A Democrat Dr. Ravi Sethi PhD, MBA, 2025-04-02 Our politicians are opportunistic and divisive Essentially we elect mini kings and queens who misuse and manipulate their power to stay elected perpetually We need to make sure that our elected representatives obey the true opinion of their constituents We need to bring our democracy into the new age of high technology era and introduce easy to use voting or polling tools to create a true issue based democracy not party based It will create a better checks and balances system for people The issues that affect economic health of our people should not be subjected to the vagaries of politicians The book describes the issues and the positions taken predominantly by the Democrats and Republicans as well that are not optimal for the economic health of all people excessive and unthoughtful immigration race or group based preferences complex tax system poorly implemented welfare system and little or no efforts to increase the wages income or net worth of middle and poor segments of our society The author presents solutions to some

of the issues that need to be polled and voted upon by the people to decide and force their representatives to follow
