**AI Impacts on Branded Entertainment and Advertising** Miguélez-Juan, Blanca, Rebollo-Bueno, Sara, 2025-05-01 Connecting with the public especially the younger generations is challenging for brands and agencies unless they leverage new communication technologies to create engagement and foster more critical and active audiences Consumers often overwhelmed by messages and products no longer need to avoid intrusive advertising Instead in this new advertising paradigm they seek out brands and their advertisements to form a positive emotional connection This intimate bond benefits both the brand and the consumer

acting as a loudspeaker for the brand's values and message. In this context, creativity and professional creatives are reaffirmed as the key differentiators for modern advertising agencies. These agencies need well-trained professionals who are not afraid to use new communication methods including entertainment and emerging technologies like AI, which despite being unregulated, are here to stay. AI Impacts on Branded Entertainment and Advertising explores the scientific foundations on the use of AI and branded content, understanding it as an essential tandem for the understanding of the advertising and social reality. Covering topics such as non-conventional media, influencer marketing, and avatar, this book is an excellent resource for marketing directors, brand creators, communication professionals, computer developers, corporate professionals, researchers, scholars, professionals, academicians, and more.
