Beverly Rokes,2002 **Low-Wage America** Eileen Appelbaum,Annette Bernhardt,Richard J. Murnane,2003-09-04 About 27 5 million Americans nearly 24 percent of the labor force earn less than 8 70 an hour not enough to keep a family of four out of poverty even working full time year round Job ladders for these workers have been dismantled limiting their ability to get ahead in today s labor market Low Wage America is the most extensive study to date of how the choices employers make in response to economic globalization industry deregulation and advances in information technology affect the lives of tens of millions of workers at the bottom of the wage distribution Based on data from hundreds of establishments in twenty five industries including manufacturing telecommunications hospitality and health care the case studies document how firms

responses to economic restructuring often results in harsh working conditions reduced benefits and fewer opportunities for advancement For instance increased pressure for profits in newly consolidated hotel chains has led to cost cutting strategies such as requiring maids to increase the number of rooms they clean by 50 percent Technological changes in the organization of call centers the ultimate disposable workplace have led to monitoring of operators work performance and eroded job ladders Other chapters show how the temporary staffing industry has provided paths to better work for some but to dead end jobs for many others how new technology has reorganized work in the back offices of banks raising skill requirements for workers and how increased competition from abroad has forced U S manufacturers to cut costs by reducing wages and speeding production Although employers responses to economic pressures have had a generally negative effect on frontline workers some employers manage to resist this trend and still compete successfully The benefits to workers of multi employer training consortia and the continuing relevance of unions offer important clues about what public policy can do to support the job prospects of this vast but largely overlooked segment of the American workforce Low Wage America challenges us to a national self examination about the nature of low wage work in this country and asks whether we are willing to tolerate the profound social and economic consequences entailed by these jobs A Volume in the Russell Sage Foundation Case Studies of Job Quality in Advanced Economies The Future of Work: How Automation Will Change Your Job Logan tremblay ,2024-12-20 *The World of Customer Service* Pattie Odgers,2004 With global markets more crowded than ever it is a major challenge for organizations to attract and retain customers due to the competition they are faced with This text is designed to teach exemplary customer service thinking in public or private domestic or international organizations and is written in a practical common sense manner reflecting current customer service concepts and hints **First Stop for Jobs and Industries** Jennifer A. Dupuis,1999-11 Profiles over 1000 industries and 500 occupations and provides reviews of the top companies **Business World** ,2004 *Telecommuting* Gil E. Gordon,Marcia M. Kelly,1986 **Top 300 Careers** ,2008 Explore hundreds of careers assess your best career fit and land a job fast with this extensive authoritative resource In one time saving volume job seekers and students find everything they need to research careers learn about pay outlook education and skills needed for about 300 jobs match their personal skills to the jobs and take seven steps to land a good job in less time This book provides thorough current and interesting descriptions for all major jobs covering about 90 percent of the workforce A special book within a book section by career and job search author Michael Farr describes the seven steps that cut job search time in half and includes sample resumes An assessment matches your personal skills with the characteristics of the occupations described in the book *UNI Info* ,2003 **Motor Record** ,1924 Including Automobile buyers reference **Home Technology Integration Fundamentals and Certification** Cisco Learning Institute,Academic Business Consultants,2004
