## **How Do I Remote Jobs No Experience Ideas 2025:**

*Beaufort Sea Planning Area Oil and Gas Lease Sale 170, North Slope Borough of Alaska*, 1998      **Digitizing Talent**

Jessica Miller-Merrell, 2022-12-12 In a fast moving talent market digital recruiting is a game changer for employers seeking top candidates Digital Recruiting offers a comprehensive expert led guide to leveraging digital platforms tools and strategies to find attract and engage both active and passive job seekers Written by Workology founder and renowned podcaster Jessica Miller Merrell this book explores the evolving recruitment landscape and provides actionable tactics that meet the expectations of today s digitally savvy candidates From social sourcing and employer branding to automation and analytics the book is a practical resource for staying ahead in the hiring game Whether you re new to talent acquisition or refining an existing strategy this is an essential playbook for modern recruiters      *Closing the Gap* Tshildzi Marwala, 2022-08-01

UPDATED EDITION A holistic take on AI from an African perspective *Closing the Gap* joins the dots on deploying AI efficiently into everyday business and life RENUKA METHIL editor of Forbes Africa This book simplifies complex concepts through relatable stories and awakens fellow Africans to the opportunities ushered in by the 4IR *Closing the Gap* must occupy our waking times MTETO NYATI chief executive of Altron *Closing the Gap* is an accessible overview of the fourth industrial revolution 4IR and the impact it is set to have on various sectors in South Africa and Africa It explores the previous industrial revolutions that have led up to this point and outlines what South Africa s position has been through each one With a focus on artificial intelligence as a core concept in understanding the 4IR this book uses familiar concepts to explain artificial intelligence how it works and how it can be used in banking mining medicine and many other fields Written from an African perspective *Closing the Gap* addresses the challenges and fears around the 4IR by pointing to the opportunities presented by new technologies and outlining some of the challenges and successes to date      **Japan, Russia and their Territorial**

**Dispute** James D. J. Brown, 2016-02-05 The territorial dispute between Japan and Russia over four islands off the northeast coast of Hokkaido has been an enduring obstacle to closer relations between the two powers and therefore an important determinant of geopolitics in North East Asia Having emerged at the end of World War II this conflict has now existed for more than seven decades And yet despite the passage of so much time within Japan there remains a resilience of belief that the islands will eventually be returned This book provides a comprehensive analysis of Japan s prospects of ever recovering these Northern Territories Offering an in depth account of why the Japanese side believe they still have a chance of securing the return of the four islands it also provides an objective and methodical evaluation of the prospects of these expectations being realised The key finding is that Japanese policymakers and scholars have consistently overestimated the extent of Japan s leverage with regard to Russia and that there is in fact already no possibility whatsoever of sovereignty over the four islands being restored to Japan This has major implications for Japanese decision makers who must balance their principled commitment not to compromise on territorial issues with more pragmatic considerations of energy security and how to

contain the rise of Chinese regional power Presenting a unique analysis and a strikingly different perspective on this territorial dispute the findings of this book are of considerable importance for international relations within the Asia Pacific region It will be of interest to students and scholars of Japanese Politics Russian Politics and International Relations

*Flexible Lives* Stefanie Reissner, Michal Izak, 2025-08-07 This geographically and methodologically diverse volume shines the spotlight on a variety of flexible working practices beyond the predominantly Western perspective and zooms in on the gendered aspects of flexible working The increasing use of flexible work arrangements has decoupled work from time and space making the world of work and home increasingly fluid and challenging to manage The Covid 19 pandemic in particular has been a catalyst for questioning accepted norms of where when and how work takes place This book seeks to explore the impact which this reshaping of traditional modes of working has had on workplace interactions and relationships as well as on managing the boundaries between familial and working lives In this way this collection contributes to a wider dialogue concerning the flexibility challenges encountered by white collar workers which is needed now more than ever This book will be relevant to scholars practitioners and policymakers in the fields of gender studies organizational behavior human resources and labor economics It will be particularly useful for those examining the impact of remote work the future of work organizational culture and the social and economic implications of shifting work practices The chapters in this book were originally published in *Culture and Organization* and are accompanied by an updated Introduction and a new Epilogue
