Tomorrow's People and New Technology Felix Dodds,Carolina Duque Chopitea,Ranger Ruffins,2021-10-13 As we witness a series of social political cultural and economic changes disruptions this book examines the Fourth Industrial

Revolution and the way emerging technologies are impacting our lives and changing society The Fourth Industrial Revolution is characterised by the emergence of new technologies that are blurring the boundaries between the physical the digital and the biological worlds This book allows readers to explore how these technologies will impact peoples lives by 2030 It helps readers to not only better understand the use and implications of emerging technologies but also to imagine how their individual life will be shaped by them The book provides an opportunity to see the great potential but also the threats and challenges presented by the emerging technologies of the Fourth Industrial Revolution posing questions for the reader to think about what future they want Emerging technologies such as robotics artificial intelligence big data and analytics cloud computing nanotechnology biotechnology the Internet of Things fifth generation wireless technologies 5G and fully autonomous vehicles among others will have a significant impact on every aspect of our lives as such this book looks at their potential impact in the entire spectrum of daily life including home life travel education and work health entertainment and social life Providing an indication of what the world might look like in 2030 this book is essential reading for students scholars professionals and policymakers interested in the nexus between emerging technologies and sustainable development politics and society and global governance

The (Dis)Order of U.S. Schooling Eric Ferris,2023-06-01 This book critically interrogates the function of schooling in the United States of America using the writings of sociologist Zygmunt Bauman Asking whether the function is to produce citizens workers a combination of the two or something altogether different it argues that the designs of schooling are part of a carefully crafted ordering illustrated via an analysis of the ways in which schooling introduces students to various forms of coercion and seduction that socialize students in particular ways ways that support an order By engaging with the prolific and insightful works of one of the most prominent social thinkers of the 21st century this book considers schooling and its contributions to order Be they solid or liquid modern ordering mechanisms ordering through repression and seduction or supporting ordering through the creation of boundaries separating an orderly inside from its disorderly outside schools imperfectly support the construction of order and in doing so privilege some representations and individuals over others To order is to harness ambivalence and steer it in directions that privilege the in group at the expense of the out group and schools from the curriculum they teach to the values and ideas they promote are desirable captive marketplaces instrumental in steering this ambivalence The author ultimately suggests that the function of schools whether recognized or not are not so much to educate students to be free thinkers but rather to be orderly cogs in a particular functional social machine As such the book will be of interest to faculty scholars and postgraduate level students with interests in the sociology of education schooling sociology and social theory

5-Gen Leadership Mark White,2021-09-07 An unprecedented leadership challenge for school administrators Today s school leaders face the unprecedented challenge of leading five generations Baby Boomers Generation X Millennials and brand new Generation Z teachers along with Gen Alpha today s youngest students Based on extensive research and the author s

experience working with thousands of educators and students 5 Gen Leadership addresses the nuances and expectations implicit with leading each generation With an emphasis on developing a multi generational lens through which to view school improvement this book covers topics such as recruiting and retaining today s young teachers tailoring professional development for each generation and helping each generation succeed in a complex accelerating world Readers will also find Tactics for transitioning to 5 Gen Leadership and understanding the four distinct generations in the teaching staff Moving leadership styles from a managing model to a coaching model Advice for understanding and creating a welcoming environment for Gen Z and Gen Alpha Suggestions for closing the digital generation gaps that emerged during the COVID 19 school closures A glimpse into the future to imagine how new generations of leaders will help reshape schools by 2030 If we are going to make the most of reforming our schools in the 2020s and keep up with the exponential rate of change in society we must understand today s students and the four disparate generations in our staffs This book is critical to help leaders bridge those gaps How do we prepare today s students for the rapidly changing workplace and society in which they will live work and interact in an education system designed for a century that has passed us by In 5 Gen Leadership Leading 5 Generations in Schools in the 2020s Mark White clearly provides a well lit path to assist educators to successfully make the necessary cultural structural and instructional changes that are needed Bill Daggett Founder International Center for Leadership in Education ICLE [American Girl](#) ,1957 **Mediating Plureality** Morten Bay,2025-03-24 In this book Morten Bay provocatively questions whether or not truth in media is lost and furthermore whether humans can perceive objective reality or as many neuroscientists and philosophers now believe we all perceive different realities constructed through predictive processing As affective polarization continues to render American democracy increasingly dysfunctional a situation largely inflamed by media Bay calls for a cultural shift in which these two conditions are reconciled Drawing on political philosophy this book presents an ethics that holds up responsible media conduct as a democratic duty of all media users This shift in ethical frameworks carries with it different implications for a variety of audiences including individuals media platforms and corporations media practitioners and journalists media studies scholars and society more broadly Each stakeholder involved will need to reconsider their approach to media and reality individuals must accept that everyone s perceptions of reality are different platforms and corporations must cease irresponsible practices that dissociate realities and stoke division practitioners and journalists must develop more nuanced epistemologies beyond The Truth and scholars must redefine media by foregrounding epistemology pluralism and physicality in media theory Collectively Bay argues we must come to a new understanding of reality as a plurality of realities a plureality *Willing's press guide* James Willing,2004 **Children's Software & New Media Revue** ,2001 **Writer's Market** Kathryn S.
