balancing lessons grading parent communication and the unique needs of every student However in 2025 maintaining that
balance is more challenging than ever Teachers are stretched thin and the demands of modern classrooms can feel
overwhelming That s where artificial intelligence AI comes in But let me be clear this book isn t about replacing teachers
with robots or adding more technology headaches to your plate It s about introducing you to free easy to use AI tools that can
reduce your workload spark creativity and free up time for what matters connecting with your students When I started
researching AI in education I was amazed by how many powerful tools were available at no cost Teachers were using them to
draft lesson plans in minutes generate practice quizzes provide personalised feedback and even keep their classrooms more
organised The more I explored the clearer it became every teacher deserves access to these tools and most importantly
guidance on how to use them effectively Rules for Writers Diana Hacker, Nancy Sommers, 2025-08-01 Rules for Writers
