Genders, Sexualities, and Spiritualities in African Pentecostalism Chammah J. Kaunda, 2020-06-22 This book examines the complex and multifaceted nature of African Pentecostal engagements with genders and sexualities In the last three decades African Pentecostalism has emerged as one the most visible and profound aspects of religious change on the continent and is a social force that straddles cultural economic and political spheres Its conventional and selective literal interpretations of the Bible with respect to gender and sexualities are increasingly perceived as exhibiting a strong influence on many aspects of social and public institutions and their moral orientations This collection features articles which examine sexualities and genders in African Pentecostalism using interdisciplinary methodological and theoretical approaches grounded within traditional African thought systems with the goal of enabling a broader understanding of Pentecostalism and sexualities in Africa

A Complementary Approach to the Interpretation and Translation of Biblical Metaphors Peter Kamande Thuo, 2021-01-31 In this in depth study Peter Kamande Thuo explores the complexity of accurately understanding interpreting and translating Scripture especially biblical metaphors Engaging the need for a stronger theoretical framework for conceptualizing and communicating metaphors across languages Dr Thuo proposes a complementary approach that utilizes relevance theory to bridge gaps presented by conceptual metaphor theory and cognitive linguistics Yet this book is far more than an abstract theoretical treatise Dr Thuo offers the example of the circumcised heart of Romans 2 as a case study providing practical guidance for his readers as he demonstrates the process of translating such a phrase into Kikuyu So doing he reminds us that the challenge of understanding interpreting and applying biblical metaphors across culture and language is not limited to the work of professional translation Rather it is at the heart of all scholarship discipleship and pastoral teaching and the task of every person engaged in reading the word of God

The Conversion of Igbo Christians to Islam Chinyere Felicia Priest, 2020-04-30 Often considered a Christian heartland in Nigeria Igboland has recently seen a dramatic increase in Igbo Christians converting to Islam Yet despite this rapid change there has been minimal research into the growth of Islam in the area and the implications this has for Christianity in the region Addressing this need Dr Chinyere Felicia Priest provides a detailed exploration of Igbo converts reasons for conversion through skilful analysis of in depth ethnographic interviews with thirty converts considering their social religious and familial backgrounds This unique study sheds much needed light on the role of intellectual factors in the conversion experiences of many newly Muslim Igbos and challenges previous ideas of monetary and social influences as primary motivations for conversion As a result of her examination of these conversion experiences Dr Priest calls for serious intellectual engagement of biblical doctrine within the Igbo church and highlights the need for ministers and missiologists to better disciple and equip Christians to adequately engage with Muslim objections to the gospel and give a reasoned defence of their faith The vulnerability of many Igbo Christians will continue to result in

converts to Islam unless the church heeds the lessons learned from this research and outlined in this book

African Traditions Meeting Islam Lawrence Odhiambo Oseje, 2018-12-31 In many communities across the world traditional beliefs and practices are passed down generations and are a feature of day to day life despite the influence of outside sources Focusing on Luo Muslims in Kenya Dr Lawrence Oseje looks at the interaction of Islam and traditional Luo practices especially those around death and burial Dr Oseje's research with Luo Muslims in Kendu Bay investigates the impact of the traditional Luo conceptualization of death with their current views and provides new understanding of fundamental issues that affect the lives of ordinary Muslims From his observation of this community Oseje encourages a celebration of traditions and customs showing that an appreciation of traditions and beliefs can help develop ministry to local communities Dr Oseje's findings result in a deepened understanding of cultures how they develop from a blend of influences and provides anthropological and missiological guidelines for cross cultural ministry particularly in times of bereavement

The Quest for Human Dignity in the Ethics of Pregnancy Termination Tom Joel Obengo, 2016-06-22 The Quest for Human Dignity in the Ethics of Pregnancy Termination describes and analyzes the problem of termination of pregnancy with special attention to its prevalence in Kenya where more than seven hundred abortions are performed daily on girls between fifteen and seventeen years of age Although pregnancy termination is illegal in Kenya its practice goes on in the rural villages in homes in urban streets and in private clinics The book focuses on the ethical quest for human dignity in the context of the church's response to the challenge of termination of pregnancy It examines the perceptions and attitudes of various cadres of Christians such as church ministers doctors and lawyers towards the problem The book proposes ways and means by which the church in Kenya can approach the challenge of termination of pregnancy including those pregnancies arising out of rape and incest Findings support the current legal framework that prohibits pregnancy termination but reveal a desire for change in the way the church deals with members who get unplanned pregnancies and those who terminate the same The book suggests in addition that the church's role should emphasize counseling teaching and pastoral care rather than excommunication and public rebuke

Julie Stewart,2003 Most pupils in eastern and southern Africa leave school before they have received an education equipping them with many essential life skills There has therefore been much discussion of life skills as a key part of the primary curriculum and about better equipping pupils to cope with unfavourable economic climates They advocate that pupils acquire skills for survival after school rather than the largely academic curriculum which is taught at present This exploratory research from Kenya is part of a three part study conducted in Kenya Uganda and Zimbabwe It focuses on the provision of teaching of life skills in primary schools how the process of sexual maturation for boys and girls is handled in schools and at home and explores whether there is a link between the lack of adequate sanitation protection for girls and dropout rates **The Role of Home Economics in Kenya** Olive M.
