Subcommittee on Domestic and International Scientific Planning, Analysis, and Cooperation, 1978 **The Routledge Handbook of International Crime and Justice Studies** Bruce Arrigo, Heather Bersot, 2013-08-15 This book presents the enduring debates and emerging challenges in crime and justice studies from an international and multi disciplinary perspective **Research Anthology on School Shootings, Peer Victimization, and Solutions for Building Safer Educational Institutions** Management Association, Information Resources, 2020-09-10 Though decades ago school shootings were rare events today they are becoming normalized Active shooter drills have become more commonplace as pressure is placed on schools and law enforcement to prevent the next attack Yet others argue the traumatizing effects of such exercises on the students Additionally violence between students continues to remain problematic as bullying pervades children s lives both at school and at home leading to negative mental health impacts and in extreme cases suicide Establishing safer school policies promoting violence prevention programs building healthier classroom environments and providing better staff training are all vital for protecting students physically and mentally The Research Anthology on School Shootings Peer Victimization and Solutions for Building Safer Educational Institutions examines the current sources of violence within educational systems and it offers solutions on how to provide a safer space for both students and educators alike Broken into four sections the book examines the causes and impacts that peer victimization has on students and how this can lead to further violence and investigates strategies for detecting the warning signs The book provides solutions that range from policies and programs that can be established to strategies for teaching nonviolence and promoting coexistence in the classroom Highlighting a range of topics such as violence prevention school climate and bullying this publication is an ideal reference source for school administrators law enforcement teachers government and state officials school boards academicians researchers and upper level students who are intent on stopping the persisting and unfortunate problem that is school violence **RESEARCH METHODOLOGY IN BEHAVIOURAL SCIENCES** MANGAL, S. Krohn, 2009 This new book from noted criminologists Charis Kubrin Thomas Stucky and Marvin Krohn is a unique supplement for criminological theory courses graduate level research methods courses or seminars that take a close look at the development of criminological theory and or methods This book is intended to bridge the gap between theory and research in the study of crime and deviant behavior There are a number of textbooks that provide excellent summaries of criminological theories Many of these include critiques of the theories discussing the empirical evidence that has been rendered in support or not of those theories However empirical evidence is only as good as the research methods that were used to generate it Theory texts do not critically evaluate the research methods that generate the findings they cite The student therefore obtains an impression of the utility of the theory based on an uncritical assessment of the research evidence The purpose of this book is to explicitly assess the research methods that have been used to test nine theoretical perspectives of crime Specifically the authors focus on sampling measurement and analytical issues in doing theoretically directed research **Investigating Behavior** Otello Desiderato, Diane Black Howieson, Joseph Hollister Jackson, 1976 **Media, Crime, and Criminal Justice** Ray Surette, 2007 Become a critical media consumer with MEDIA CRIME AND CRIMINAL JUSTICE With the rise of media s role in reporting crime and using crime as entertainment the importance of the interplay between the mass media news and entertainment systems and the criminal justice system may be greater today than ever before This criminal justice text provides a bridge between relevant mass media research findings and criminal justice practice and corrects common misconceptions regarding the mass media s effects on crime and justice An end of book glossary chapter by chapter objectives classroom discussion questions and additional readings help you master the material and prepare for tests **The Psychology of Resolving Global Conflicts: Nature vs. nurture** Mari Fitzduff, Chris E.
