Revisiting the Corruption of the New Testament Daniel B. Wallace, How much did the theological arguments of the church affect the copying of the New Testament text Focusing on issues of textual criticism this inaugural volume of the Text and Canon of the New Testament series offers some answers to that question and responds to some of Bart Ehrman s views about the transmission of the New Testament text Revisiting the Corruption of the New Testament will be a valuable resource for those working in textual criticism patristics and New Testament apocryphal literature Myths and Mistakes in New Testament Textual Criticism Elijah Hixson, Peter J. Gurry, 2019-11-05 A renewed interest in textual criticism has created an unfortunate proliferation of myths mistakes and misinformation about this technical area of biblical studies Elijah Hixson and Peter Gurry along with a team of New Testament textual critics offer up to date accurate information on the history and current state of the New Testament text that will serve apologists and offer a self corrective to evangelical excesses

*Changing the Goalpost of New Testament Textual Criticism* Abidan Paul Shah, 2020-10-02 Before the 1960s the goal of New Testament Textual Criticism was singular to retrieve the original text of the New Testament Since then the goalpost has incrementally shifted away from the original text to retrieving any text or many texts of the NT Some scholars have even concluded that the original text is hopelessly lost and cannot be retrieved with any confidence or accuracy Other scholars have gone a step further to claim that the idea of an original text itself is a misconception that needs to be abandoned If this new approach in NTTC is correct then the authority of Scripture is weakened or no longer valid It will be shown in this book that such is not the case Furthermore emphasis will be placed on the need to return to the traditional goalpost of NTTC i e to retrieve the original text Without a generally definitive text the door will be left wide open to recreate any desired text of the NT An unsettled original text will result in an unsettled biblical theology due to a lack of any authoritative and standard text Consequently it will lead to an unsettled Christian faith and practice **Theology from the Great Tradition** Steven D.

Cone, 2018-02-22 This textbook provides complete and comprehensive coverage of the theological tradition of Aquinas Maximus Luther Irenaeus Lonergan von Balthasar Schmemmann Meyendorf and Barth Each section of this textbook explores a wide variety of questions who are we Is there a God and if so what is his nature Who is Jesus What does it mean that we live both in sin and righteousness It consists of 15 modules that are comprised of 46 chapters Each module has two parts there are systematic chapters that discuss and explain each module s topic and the final chapter of each module examines 4 to 6 primary sources that are important for each topic This textbook includes an extensive range of pedagogical features Sample tests in which each objective question has been quality tested by classroom use with a discrimination index A discussion guide for each chapter Learning objectives linked to each chapter The text includes bold faced terms boxed text sections that identify central figures and points of debate study question chapter summaries glossary **Scribes, Theology, and**

**Apologetics** Alan Mugridge,2024-12-16 This book is a companion volume to Scribes Motives and Manuscripts In this volume Alan Mugridge provides an assessment of two major studies which claim that scribes of New Testament manuscripts changed the text in their copies from what they found in those they were using as models either to further their own theological convictions and hinder opposing views from finding support in those manuscripts or to respond to criticism of Christ and Christians in wider society In both cases the thesis examined is that copyists did not just reproduce the manuscripts given to them but changed their copies to say what they wanted them to say These theories are tested by an examination of the manuscripts with their textual variants arguing that the variant readings can usually be explained as the result of scribal carelessness or simple piety The idea that copyists deliberately changed the text in their manuscripts is found to have little basis Mugridge concludes that the text of the New Testament has not been affected nearly as much as some contend because variant readings are generally errors that can be isolated and the original text established with some confidence **God,**

**Jesus, and Other Foolishness** Jeffrey A. Kramer,2022-09-13 In our post Christian society many skeptics atheists and agnostics assume that the Christian faith involves belief in spite of a lack of evidence and that Christianity encourages its adherents to be satisfied with not understanding the world This is untrue Christianity has a legacy of thought and logic and a convincing case can be made that modern science and Western culture could only have sprung from the Judeo Christian worldview Although questions of origins purpose and meaning are not easily proved true in a scientific or empirical sense things can be true without empirical proof It does not follow that religion is untrue or that religious belief is for the credulous and the gullible Many of the presuppositions underlying any worldview cannot be proven empirically and acceptance of many of the truth claims of atheism and postmodernism requires just as much faith as acceptance of the fundamentals of Christianity This book is an attempt to demonstrate that biblical Christianity is true in the sense that it is a logical interpretation of reality and our lived experience and that the implications of Christian faith make more rational sense than a rejection of that faith **The Cradle, the Cross, and the Crown** Andreas J. Köstenberger,L. Scott Kellum,Charles L.

The Canon of the New Testament Bruce M. Metzger, 1997-03-07 This book provides information from Church history concerning the recognition of the canonical status of the several books of the New Testament Canonization was a long and gradual process of sifting among scores of gospels epistles and other books that enjoyed local and temporary authority some of which have only recently come to light among the discoveries of Nag Hammadi After discussing the external pressures that led to the fixing of the limits of the canon the author gives sustained attention to Patristic evidence that bears on the development of the canon not only in the West but also among the Eastern Churches including the Syrian Armenian Georgian Coptic and Ethiopian Besides considering differences as to the sequence of the books in the New Testament Dr Metzger takes up such questions as which form of text is to be regarded as canonical whether the canon is open or closed to what extent a canon should be sought within the canon and whether the canon is a collection of authoritative books or an authoritative collection of books
