Graham Standish,2020-09-01 The mainline church is in a drastic decline and that decline is hitting clergy and churches on all sides of the theological debates Pastors are struggling and the ever changing trends of ministry don t seem to be staunching the decline And the Church Actually Changed Uncommon Wisdom for Pastors in an Age of Doubt Division and Decline arises out of N Graham Standish s work as a spiritual director and coach to clergy of all denominations and traditions and as the pastor of a healthy growing and somewhat alternative church for more than twenty two years He has helped pastors become healthier and more effective as

they carry out the ministry to which they are uniquely called And the Church Actually Changed addresses issues brought up by clergy themselves in his coaching work with them Using an integrative approach to ministry Standish draws on insights from counseling spiritual direction organizational development and other fields The book is written in the form of dialogues between a clergy coach and various clergy clients who are struggling in their ministry Each chapter addresses a significant clergy leadership issue yet the dialogue allows coach and pastor to deal with issues pragmatically by exploring both the big picture and the details of leading a healthy church The Externally Focused Quest Eric Swanson,Rick Rusaw,2020-11-03 The Externally Focused Quest Becoming the Best Church for the Community is designed for church leaders who want to transform their churches to become less internally focused and more oriented to the world around them The book includes clear guidelines on the changes congregations must adopt to become truly outwardly focused This book is not about getting all churches to have an annual day of community service as a tactic but changing the core of who they are and how they see themselves as a part of their community The Externally Focused Quest outlines ten changes needed for church leaders to transform their churches and presents a highly practical approach that shows leaders how to become more externally focused without having to give up programs that serve members This book reveals what it takes to make the major shift from internal to external focus and how that affects church leadership **The Connected Life** Todd W. Hall,2022-06-28 We live in an increasingly isolated and lonely world How do we find genuine relational connection According to psychologist Todd Hall real human growth doesn t come through head knowledge alone but through relational knowledge and strong attachment bonds This accessible introduction invites us into lasting relationships with God and others that lead to authentic transformation *Knowing, Doing, Winning* Kwai Yu,2011-01-15 Throughout this book I will ask you to take coffee breaks These breaks are designed to break up your learning and reflections in bite size chunks In many cases the breaks direct you to a video or an article on the internet The coffee breaks are designed to give you time and space to reflect not only to reflect on what I have said but also to reflect on what you are saying to yourself The secret to using this book is in understanding that the book isn t about me It s about YOU The only thing that matters is what you find yourself saying This book isn t about copying my success formula because I don t have one I would be lying if I said I had If there was a one size fits all success formula I think someone would have invented it and patented it by now So if someone tells you they have the formula to success they are lying The best way to capture and explore your own thinking is to catch yourself saying I disagree with this and replace that thought with Why does that person think differently to me This book is about finding your own courage and tenacity to become a pioneering leader a trailblazer who knows and wants to build something worth while in your lifetime **Don't Be Such a Scientist** Randy Olson,2010-05-17 Drawing on his own hilarious and at times humiliating evolution from science professor to Hollywood filmmaker Olson shares the secrets of talking substance in an age of style The key he argues is to stay true to the facts while tapping into something more primordial more irrational and ultimately more human

In a book enlivened by profane acting teachers and earnest scientists serious insights and poignant stories Olson walks the walk You ll laugh you may cry and you ll certainly learn how to communicate critical scientific and environmental issues using your heart as well as your head **Release Print** ,2004
