The Natural Healing of Disease by Ayurvedic Herbs Ram Babu Sao, 2025-11-17 This book *The Natural Healing of Disease by Ayurvedic Herbs* is my accomplishment for the benefit of the common man I have learnt about ayurvedic remedies based on Ayurveda teachings and many other books on Home Remedies for prevention and cure of diseases and have given the concise matters in this book Traditional Indian ayurvedic medicine is becoming increasingly popular with many chronic conditions responding to it well Detailed knowledge of the action of the natural gift like food spices and medicinal plants is needed to understand their potential influence fully While societal use of ayurvedic plants and Indian spices is commonplace without ill effect the use of more concentrated products made from single plants often in the form of teas or tablets is of more concern The mechanisms by which poly herbal extracts act differ in many respects from the actions of drugs Even though ayurvedic medicines are based on natural herbal materials their safety depends on their method of administration taking into account individuals needs and their specific disease conditions Ayurvedic herb frequently relies on lifelong medication on which patients come to depend Ayurvedic herbs can help improve patients symptoms by reducing their cortisone and analgesic usage thereby enhancing their quality of life Ayurvedic herb is becoming increasingly popular which is a positive development care must be taken against its mismanagement especially given the vast array of spurious

ayurvedic products currently on the market Ayurvedic practice is around 3000 years old with a long history of managing the disease The three basic principles of Dosha Vata Pitta and Kapha are derived from 5 elements of Indian philosophy Ayurveda Dosha can be identified as regulatory control factors for fundamental physiologic processes in living systems that maintain their identity throughout biologic history Vata and its sub dosha regulating input output processes and motion Pitta and its sub dosha regulating throughput turnover and hence energy and Kapha and its sub dosha regulating storage structure and lubrication Ayurvedic herb seeks to normalize body functions with varied techniques based on the factors such as food activity climate and stress including advice on internal herbal preparations purification treatments Pancha karma and surgical methods shailya Oral administration routes play a major role in influencing individuals Dosha via the ingestion of food spices and medicinal plants These elements are influencing Dosha in different ways stabilizing disturbing and supporting the body s healthy state Detailed knowledge of the action of food spices and medicinal plants is needed in order to understand their potential influence fully Food plays a major role in ayurvedic practice by supporting the body s healing processes Metabolic diseases and diseases of the gastrointestinal tract are directly influenced by food Food can also indirectly affect diseases of the skin muscles and joints as well as a neurological gynaecological and psychological disease

JIHWA PARIKSHA: DECODING THE MIND-BODY CONNECTION IN PSYCHIATRIC CARE DR. ABHINAY

AGRAWAL, Dr. Sachin. Deva, 2023-12-31 Welcome to the Ayurveda and psychiatric care world where ancient wisdom meets modern science to pursue holistic well being In this book Ayurveda and Psychiatric Care A Tongue Based Approach we embark on a transformative journey that explores the profound connection between the mind body and soul Ayurveda a system of medicine rooted in the ancient traditions of India offers a unique perspective on health and wellness It recognizes that true healing encompasses more than just the physical body it encompasses the mental emotional and spiritual aspects of our being Over thousands of years Ayurveda has developed a comprehensive approach to achieving balance and harmony within these realms providing insights that are as relevant today as they were in ancient times The field of psychiatry on the other hand focuses on the diagnosis and treatment of mental health conditions While psychiatry has made significant strides in understanding and addressing these conditions there is still a need for a more holistic approach one that considers the individual as a whole rather than just a collection of symptoms This book aims to bridge the gap between Ayurveda and psychiatric care presenting a tongue based approach that offers a fresh perspective on mental health The tongue often regarded as a mirror to the body can also provide valuable insights into the mind By analyzing the qualities and imbalances observed on the tongue we can better understand an individuals mental well being and tailor treatment accordingly Throughout the pages of this book we explore the principles of Ayurveda and their application to psychiatric care We delve into the three doshas Vata Pitta and Kapha and their influence on mental health examining how imbalances in these doshas can manifest as various psychological states By understanding the unique constitution and imbalances of each individual we

can develop personalized treatment plans that address the root cause of mental health conditions The integration of Ayurveda and psychiatric care goes beyond diagnosis and treatment Lifestyle diet and emotional well being all play vital roles in our mental health and this book provides practical guidance on how to nurture these aspects of our lives Through case studies and evidence based research we explore the impact of these factors on mental well being empowering readers to make informed choices that support their journey toward balance and harmony It is important to note that this book does not seek to replace conventional psychiatric care but rather to complement it The tongue based approach can be incorporated into existing treatment plans offering a more holistic perspective that considers the mind body and soul Combining the best Ayurveda with modern psychiatric care can unlock new possibilities for healing and well being
