Geographies of Cubanidad Rebecca M. Bodenheimer, 2015-07-10 Derived from the nationalist writings of Jos Mart the concept of Cubanidad Cubanness has always imagined a unified hybrid nation where racial difference is nonexistent and nationality trumps all other axes identities Scholars have critiqued this celebration of racial mixture highlighting a gap between the claim of racial harmony and the realities of inequality faced by Afro Cubans since independence in 1898 In this book Rebecca M Bodenheimer argues that it is not only the recognition of racial difference that threatens to divide the nation but that popular regional sentiment further contests the hegemonic national discourse Given that the music is a prominent symbol of Cubanidad musical practices play an important role in constructing regional local and national identities This book suggests that regional identity exerts a significant influence on the aesthetic choices made by Cuban musicians Through the examination of several genres Bodenheimer explores the various ways that race and place are entangled in contemporary Cuban music She argues that racialized notions which circulate about different cities affect both the formation of local identity and musical performance Thus the musical practices discussed in the book including rumba timba eastern Cuban folklore and son are examples of the intersections between regional identity formation racialized notions of place and music making

*Africana* Anthony Appiah, Henry Louis Gates (Jr.), 2005 Ninety years after W E B Du Bois first articulated the need for the equivalent of a black Encyclopedia Britannica Kwame Anthony Appiah and Henry Louis Gates Jr realized his vision by publishing *Africana* The Encyclopedia of the African and African American Experience in 1999 This new greatly expanded edition of the original work broadens the foundation provided by *Africana* Including more than one million new words *Africana* has been completely updated and revised New entries on African kingdoms have been added bibliographies now accompany most articles and the encyclopedia's coverage of the African diaspora in Latin America and the Caribbean has been expanded transforming the set into the most authoritative research and scholarly reference set on the African experience ever created More than 4 000 articles cover prominent individuals events trends places political movements art forms business and trade religion ethnic groups organizations and countries on both sides of the Atlantic African American history and culture in the present day United

States receive a strong emphasis but African American history and culture throughout the rest of the Americas and their origins in Africa itself have an equally strong presence. The articles that make up *Africana* cover subjects ranging from affirmative action to zydeco and span over four million years from the earliest known hominids to Sean Diddy Combs. With entries ranging from the African ethnic groups to members of the Congressional Black Caucus, *Africana* Second Edition conveys the history and scope of cultural expression of people of African descent with unprecedented depth. World Music: Latin and North America, Caribbean, India, Asia and Pacific Simon Broughton, Mark Ellingham, Richard Trillo, 2000. The *Rough Guide to World Music* was published for the first time in 1994 and became the definitive reference. Six years on the subject has become too big for one book, hence this new two-volume edition: *World Music 2: Latin and North America, Caribbean, India, Asia and Pacific*. It has full coverage of everything from salsa and merengue to qawwali and gamelan and biographies of artists from Juan Luis Guerra to The Klezmatics to Nusrat Fateh Ali Khan. Features include more than 80 articles from expert contributors focusing on the popular and roots music to be seen and heard both live and on disc and extensive discographies for each country with biography notes on nearly 2000 musicians and reviews of their best available CDs. It includes photos and album cover illustrations which have been gathered from contemporary and archive sources, many of them unique to this book and directories of *World Music* labels, specialist stores around the world and on the internet.

*Rumba* Yvonne Daniel, 1995. From the barrio and streets to the theatre and stage, rumba has emerged as an important medium contributing to national goals and promoting international prestige. Using dance anthropology to illuminate the values and attitudes embodied in rumba, this work explores the relationship between dance and the complex changes in contemporary Cuba. **Salsiology** Vernon Boggs, 1992. Boggs presents a readable, exciting history of Salsa, showing how Afro-Cuban music was embraced in New York City and how it has undergone cycles of popularity and been replicated abroad. From its roots in Cuba through present-day Salsa clubs, Boggs provides a tour of a popular music form that has had a significant impact on the Latin community as well as contemporary musicians and composers. Extensively illustrated with photographs of the bands and clubs as well as the key leaders and promoters, the book also contains interviews with top performers and others instrumental in making salsa what it is today. **The Beat**, 2005. Black Music of Two Worlds John Storm Roberts, 1998. *Black Music of Two Worlds* is a classic text showing the vast influence of African music on musical cultures throughout the world. First published in 1972, the book forecast today's interest in world music and the cross-pollination of musical cultures. In this new edition, the author has thoroughly revisited the text, adding new information about recent musical styles. The book begins with a study of African roots and then shows how these musics were preserved and transformed on the North American continent, in the Caribbean, and in South and Central America. It then traces the flow of musical styles back from the New World to Africa. This is the only book to show the pervasive influence of African styles on a wide variety of musics, from traditional folk and blues to jazz to salsa, calypso, reggae, and rap. Book jacket. Jacket.
