**Brass Chamber Music in Lyceum and Chautauqua** Raymond David Burkhart,2016-05-23 This study of brass chamber music in lyceum and chautauqua fills a lacuna in brass history It explores the forgotten phenomenon of the many chamber brass ensembles that entertained millions of Americans from coast to coast from 1877 to 1939 and presents histories of sixty one ensembles that performed music for brass trio brass quartet brass quintet and brass sextet for lyceum and chautauqua audiences The author also writes about the large repertoire of music for small brass ensembles that he discovered was published in America from 1875 through the 1920s This First American Chamber Brass School is discussed in one of five overviews of the principal eras in brass chamber music history that form the most comprehensive history of brass chamber music written in fifty years Paperback      **ITG Journal** International Trumpet Guild,1888      **Fanfares and Finesse** Elisa Koehler,2014-02-27 A concise guide linking the history of trumpet to performance includes information on band music bugle calls orchestral repertoire and jazz American Reference Books Annual Unlike the violin which has flourished largely

unchanged for close to four centuries the trumpet has endured numerous changes in design and social status from the battlefield to the bandstand and ultimately to the concert hall This colorful past is reflected in the arsenal of instruments a classical trumpeter employs during a performance sometimes using no fewer than five in different keys and configurations to accurately reproduce music from the past With the rise in historically inspired performances comes the necessity for trumpeters to know more about their instrument s heritage its repertoire and different performance practices for old music on new and period specific instruments More than just a history of the trumpet this essential reference book is a comprehensive guide for musicians who bring that musical history to life A compendium of trumpet history with short fact filled chapters It will serve both amateur and professional musicians alike and few could read this text without learning something Fanfares and Finesse is a thorough sampling of trumpet topics including something of interest for every trumpet player brass enthusiast or curious reader Pan Pipes Trumpet players in a wide variety of situations and at many levels will find a great deal of useful information presented in a clear engaging reader friendly way yet backed by solid research While some topics are covered in more depth than others Koehler s breadth of vision and thoroughness are commendable For all trumpeters and anyone who teaches them Choice Catalog of Copyright Entries Library of Congress.
