**Studies on the Teaching of Asian Languages in the 21st Century** Hüseyin İçen, Seniye Vural, 2014-03-26 In recent years there has been an increasing demand for and rapid development in the learning and teaching of Asian languages as a foreign language throughout the world Many governments recognize that Asian languages are of strategic economic importance and thus they are now offered as a foreign language by a great number of schools and higher education institutions This book contains chapters written by different authors from several countries on key issues and problems in the teaching of the Chinese Russian Farsi Japanese and Malaysian languages and some comparative studies The contributors here explore future directions in the teaching of Asian languages in the 21st century The ten chapters of the book have been prepared by the authors using the scholarly papers they presented at the Second International Symposium on Asian Languages and Literatures ADES which was held on 3 4 May 2012 at Erciyes University Kayseri Turkey under the title of Teaching of Asian Languages in the 21st Century     The administration of examinations for 15-19 year olds in England

Great Britain: Parliament: House of Commons: Education Committee, 2012-07-03 This report from the Education Committee looks at the administration of examinations for 15 19 year olds in England The Committee expresses serious concerns about incentives in the exam system and about competition on syllabus content Incentives in the system should be changed so the downward pressure through the competition of exam boards is mitigated The Committee considers a number of options to change incentives including i A single board This offers a simpler system with no risk of competition but the Committee believes the cost risk and disruption outweigh the benefits ii Franchising of subjects to exam boards This removes syllabus competition but again has downsides 3 Or the current system of multiple boards The Committee sees no benefit in competition on syllabus content but the setting and marking of exams and associated administration if properly regulated could generate incentives and drive quality up offering value for money to schools and colleges The Committee also recommends the development of national syllabuses accredited by Ofqual The syllabuses would be developed by exam boards in conjunction with learned bodies and employer organisations and could therefore retain the benefits of competition on quality and the incentive for exam boards to innovate     My Revision Notes: A-level Religious Studies Islam Waqar Ahmad Ahmedi, 2021-09-24 Target exam success with My Revision Notes Our updated approach to revision will help students learn practise and apply their skills and understanding Coverage of key content is combined with practical study tips and effective revision strategies to create a revision guide students can rely on to build both knowledge and confidence My Revision Notes A level Religious Studies Islam will help students to Plan and manage a successful revision programme using the topic by topic planner Consolidate your knowledge by working through clear and focused content coverage Test understanding and identify areas for improvement with regular tasks and answers Improve exam technique through practice questions expert tips and examples of typical mistakes to avoid     Religion and Life through Roman Catholic Christianity (Unit 3) and
