Thanks to his extensive research of the habits of self-made millionaires, Corley has identified the habits that helped transform ordinary individuals into self-made millionaires. Success no longer has to be a secret passed down among only the elite and the wealthy. No matter where you are in life, *Change Your Habits Change Your Life* will meet you there and guide you to success. In this book, you will learn about why we have habits, habits that create wealth or poverty or keep you stuck in the middle class, habits that increase your IQ, habits that reduce disease and increase longevity, habits that eliminate depression and increase happiness, strategies to help you find your main purpose in life, tricks to help you fast-track habit change. [Rich Life](#) Randall Bell, 2016-01-08 What is a winning strategy? Why do some people, families, and organizations take a dive, some merely survive while others thrive? What leads up to a disaster or collapse? Why do some squander success while others continue to elevate? How do we build a solid foundation that assures solid, authentic growth? *Rich Habits: Rich Life* is the result of research that has spanned over 25 years at the intersection of sociology and economics and specifically explores what behaviors result in disaster, recovery, and prosperity. *Rich Habits: 21 Amazing Habits to Follow the Footsteps of Successful People* Dennis Bak, 2019-01-20 LEARN How to be successful and take your life to the next level. Do you feel like you don't have what you deserve or what you desire? Would you like to create the life of your dreams? I have good news for you: SUCCESS leaves traces, and the most important actions that can lead you to success are the actions that you do daily. After days of repetition, you will do these actions on autopilot, which will make it a lot easier for you to get them done. Imagine that you purposely create the right habits for success: habits that rich and successful people had to achieve their wealth and success. There are studies that show how successful people have some sort of habits, and unsuccessful people have other types of routines. Do you think it's a coincidence? I don't think so. The best part is that you can implement the same habits of successful people and follow their footsteps to get to your success. DOWNLOAD *Rich Habits: 21 Amazing Habits to Follow the Footsteps of Successful People*. The goal of this book is simple: I will teach you 21 habits that successful people have in common: habits that they use every day and that I have personally tested myself. You don't have to use all of the 21 habits. There are 21 because we are all different. Some habits will work for you, and some will work for me. Only a few of these 21 routines implemented in your life will bring you a major change and guide you on your path to success. You will learn 21 Habits of successful people. The importance of having goals. A goal-setting formula. How to plan your day in a way that you will win. How you can win an extra 152 days in your life. The power of discipline. Why being obsessed is a good thing. The benefits each habit brings once it is implemented in your life. This book has 21 habits that successful people have in order to achieve their success. Each habit is presented with its explanation on how and why to implement it and also with the benefits of each.
