**Inland Waterway Transport** Massimiliano Grimaldi, 2023-02-21 This book analyses the European legal framework on inland water transport in light of the most recent legislation adopted and how the main Member States of Central Western Europe have implemented it Specifically the book provides an innovative tool of analytical and systematic study of the various legislative EU measures that regulate the inland waterways transport sector as well as for the comparative study and analysis of the relevant measures of implementation adopted by the afore mentioned Member States Each EU legislative measure is first explained in general terms and then commented on in detail with a specific analysis of the most significant articles following a precise logical sequence of the topics the corresponding national implementing measures are also examined in detail describing any different ways of transposing the EU regulation also with regard to any differences in approach by the Member States relative to the possibility of any derogations or exemptions from compliance with some measures which is often provided for by the EU regulation This approach is significantly useful for i a more systematic and user friendly understanding of the EU regulatory framework ii an equally better understanding of how EU measures have been transposed into national legislation and iii a revision of this European and domestic legislation where appropriate Furthermore the book is very useful for policy makers of countries that are not members of the European Union i e policy makers from countries worldwide that have inland waterways as they will have a reference tool to evaluate the possibility of reviewing their own regulation with a view to making it more similar to the EU one should the latter be better While preparing the book analyses of the preparatory work of the legislation played a great role as they are very useful for better understanding the legislative initiatives and the reasons for the choices made Analysis of the doctrine and jurisprudence also played a great part This allows the reader to have a thorough understanding of the subject from a scientific point of view and from the point of view of practical application

**Maritime Safety in Europe** Justyna Nawrot, Zuzanna Pełowska-Dąbrowska, 2020-12-23 The book is concerned with the harmonisation of maritime safety legal systems in Europe It describes maritime safety legal systems in selected European countries as well as maritime safety issues from the perspective of the International Maritime

Organisation European Union and European Free Trade Association Distinguished scholars from Europe s leading maritime law academic centres present national perspectives of maritime safety systems questioning whether the adopted national solutions guarantee the compatibility with IMO and EU legal regime as well as assessing the global and EU system Moreover the book seeks to provide some answers as to whether the IMO goals on maritime safety are adequate in light of current safety challenges and how to achieve higher level of enforcement of internationally recognised maritime safety standards It will be of great assistance to those readers who need to familiarize themselves with current problems inherent in maritime safety whether that be lawyers scholars professional mariners or national institutions Chapter 14 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license
