

Rosen And Wolff Political Thought

Imtiyaz Yusuf, Lars Peter Schmidt

Rosen And Wolff Political Thought:

Fundamentals of Philosophy John Shand, 2003 A comprehensive and accessible introduction to the major topics in philosophy designed to be used as a companion to any undergraduate philosophy course

Political Thought Michael Rosen, Jonathan Wolff, Catriona McKinnon, 1999 Human beings live together in societies which by their very nature give rise to institutions governing the behavior and freedom of individuals This raises important questions about how these institutions ought to function and the extent to which actual systems of government succeed or fail in meeting these ideals This Oxford Reader contains 140 key writings on political thought covering issues about human nature and its relation to society the extent to which the powers of the State are justified the tension between liberty and rights and the way resources should be distributed Topics such as international relations minority rights democracy socialism and conservatism are also discussed by contributors ranging from Plato and Aristotle to Foucault Isaiah Berlin and Martin Luther King

Development as Peace Wole Adegbile, 2023-08-04 The colonial definition of development has not served Africa well While Western assessments have generally revolved around a nation's GDP infrastructure and the like African cultures and the Yoruba people in particular have traditionally measured development in relation to the amount of peace experienced in a society and the wellbeing of its people In this study Dr Wole Adegbile examines the political theological and cultural contexts of contemporary development activity in Africa including the impact of modernization theory on African nation states He then draws on traditional Yoruba political thoughts and practices including the similarities between the Yoruba conception of a thriving community and the biblical principle of shalom to formulate a contextual political theology of development that would holistically address cultural identity and spiritual restoration Rooted in the intersection of Scripture and traditional African values this book suggests a way forward for African society its political leaders and the church

Rousseau's Constitutionalism Eoin Daly, 2017-06-29 Despite Rousseau's legacy to political thought his contribution as a constitutional theorist is underexplored Drawing on his constitutional designs for Corsica and Poland this book argues that Rousseau's constitutionalism is defined chiefly by its socially directive character His constitutional projects are not aimed primarily at coordinating and containing state power in the familiar liberal democratic sense Instead they are aimed at fostering the social conditions in which a fuller sense of freedom understood broadly as non domination can be realised across all social domains And in turn since Rousseau views domination as being deeply embedded in complex social practices his constitutionalism is aimed at fostering a radical austerity social economic and cultural as its foil In locating Rousseau's constitutional projects within his social and political theory of servitude and domination this book will challenge the predominant focus and orientation of contemporary republican theory Leading republican thinkers have drawn on the historical republican canon to articulate a model of constitutionalism which is on the whole liberal in focus and orientation This book will argue that the more communitarian orientation of Rousseau's constitutionalism that is its socially directive focus stems from a sophisticated and compelling

account of the sources of unfreedom in complex societies sources which are ignored or downplayed by the neo republican literature Rousseau embraces a communitarian social politics as part of his constitutional project precisely because pessimistically he views domination as being deeply embedded in the social relations of the liberal order *Human Rights from a Third World Perspective* José-Manuel Barreto, 2014-08-26 Globalization interdisciplinarity and the critique of the Eurocentric canon are transforming the theory and practice of human rights This collection takes up the point of view of the colonized in order to unsettle and supplement the conventional understanding of human rights Putting together insights coming from Decolonial Thinking the Third World Approach to International Law TWAIL Radical Black Theory and Subaltern Studies the authors construct a new history and theory of human rights and a more comprehensive understanding of international human rights law in the background of modern colonialism and the struggle for global justice An exercise of dialogical and interdisciplinary thinking this collection of articles by leading scholars puts into conversation important areas of research on human rights namely philosophy or theory of human rights history and constitutional and international law This book combines critical consciousness and moral sensibility and offers methods of interpretation or hermeneutical strategies to advance the project of decolonizing human rights a veritable tool box to create new Third World discourses of human rights **Understand Political Philosophy: Teach Yourself** Mel Thompson, 2010-05-28 Understand Political Philosophy is an in depth guide to the philosophers and political ideas who have shaped our society Quickly and easily get to grips with the key thinkers and theories from Aristotle to Wollstonecraft from capitalism to utilitarianism With exploration of contemporary issues and current debates this book will put political philosophy in the context of the world we live in today NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the author s many years of experience TEST YOURSELF Tests in the book and online to keep track of your progress EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding of psychology FIVE THINGS TO REMEMBER Quick refreshers to help you remember the key facts TRY THIS Innovative exercises illustrate what you ve learnt and how to use it **Political Constructivism** Peri Roberts, 2007-10-25 This volume explores the nature and possibilities of constructivism through an engagement and examination of the foremost constructivist positions Rawls and O'Neill **Selected Issues in African Political Thought** A. A. Agagu, 'Femi Omotoso, 2007 Background to Globalisation Avinash Jha, 2000 Explores the processes associated with globalization focusing on decision making and policy formulation by the various players Traces the historical development of the modern global economy in Europe and documents the emergence of the USA led global system after the second world war Examines crises in this global system and investigates the roles of multinational corporations financial markets and information technology in the emergence of globalization Philosophy, Democracy and Conflicts in Africa Ike Odimegwu, Godalex Ibeneme C. Ezeani, Fidelis Aghamelu, 2007 **Proceedings of the British Academy** British

Academy,2008 ANSU Journal of Peace and Development Studies ,2012-09 **The Politics Companion** Robert Leach,2008-04-15 This student companion covers all the main aspects of political science from the nature and main components of the subject and key theories thinkers and concepts to study skills and learning resources Truly international in scope it will be the ideal complement for students around the world to Palgrave s highly successful range of course texts

Issues in Political Theory Catriona McKinnon,2008 This is a unique political theory textbook that invites students to apply the concepts they encounter to real world politics Each chapter includes a 2 000 word case study to highlight the theories that have been discussed The lucid and elegant contributions by leading thinkers enables engagement with the subject at its sharp end without any compromise in accessibility This is essential reading for all political theory students from beginners onwards Online Resource CentreThe book is accompanied by the following resources Student Site Case studies for each chapterAnnotated web links for each chapterLinks to journal articlesInstructor Site Essay questions seminar questions and activities **The Nigerian State and the Dilemma of Citizenship** A. A. Agagu,2005 **Lectures** ,2008

Encyclopedia of Antislavery and Abolition Peter P. Hinks,John R. McKivigan,R. Owen Williams,2007 Volume two of a two volume set featuring alphabetically arranged entries that cover a wide range of topics related to the antislavery movement and abolitionist activities in the eighteenth and nineteenth centuries highlighting people and events that played a key role in ending slavery in the United States *Understanding Conflict and Approaching Peace in Southern Thailand* Imtiyaz Yusuf,Lars Peter Schmidt,2006 **Heythrop Journal** ,2000 A select book list appears quarterly Philosophical Questions James Fieser,Norman Lillegard,2005 This topically organized anthology and textbook includes numerous excerpts from contemporary philosophers as well as from Western classics and major Eastern texts encouraging students to explore connections between works from the Western and Eastern traditions and from different time periods BOOK JACKET
