Sadhguru More Than A Life:

Sadhguru, More Than a Life Arundhathi Subramaniam, 2010 The thirst to be boundless is not created by you it is just life longing for itself Sadhguru This is the extraordinary story of Sadhguru a young agnostic who turned yogi a wild motorcyclist who turned mystic a sceptic who turned spiritual guide Pulsating with his razor sharp intelligence bracing wit and modern day vocabulary the book empowers you to explore your spiritual self and could well change your life It seeks to re create the life journey of a man who combines rationality with mysticism irreverence with compassion ancient wisdom with a provocatively contemporary outlook and a deep knowledge of the self with a contagious love of life Described as a profound mystic visionary humanitarian and prominent spiritual leader of our times he is equally at home in a satsangh in rural Tamil Nadu as at the World Economic Forum in Davos In his early years Jaggi Vasudev or Sadhguru as he is now known was a chronic truant a boisterous prankster and later a lover of motorbikes and fast cars It is evident that the same urgency passion and vitality echo in his spiritual pursuits to this day from his creation of the historic Dhyanalunga the mission of three lifetimes to his approach as a guru In Sadhguru's view faith and reason spirituality and science the sacred and the material cannot be divided into easy binaries He sees people as spiritual beings dabbling with the material rather than the reverse and liberation as the fundamental longing in every form of life Truth for him is a living experience instead of a destination a conclusion or a matter of metaphysical speculation The possibility of self realization he strongly believes is available to all Drawing upon extended conversations with Sadhguru interviews with Isha colleagues and fellow meditators poet Arundhathi Subramaniam presents an evocative portrait of a contemporary mystic and guru a man who seems to pack the intensity and adventure of several lifetimes into a single one

Encyclopaedia of Indian Philosophers B. K. Pandey, 2008 On the brief life sketches and contributions of eminent Indian philosophers **Better Life** ,2007 Enlightenment Sadhguru, 2024-12-14 Much is being said asked and questioned about enlightenment The modern world has turned yet another simple natural process into something to feel complicated about Enlightenment A Homecoming is a collection of discourses by Sadhguru in which he talks about enlightenment as a natural process to be engaged with rather than something that can be given to us as a practice With easy wit and charm he challenges the myths and beliefs surrounding this subject guiding one in the right direction by simply changing the origin of thought Along the way Sadhguru also answers some commonly asked yet pressing questions regarding enlightenment Refreshingly simple and simply deep Enlightenment encourages the seeker to experience life to the fullest and to live it in its purest form *Inner Engineering* Sadhguru, 2016-09-20 NEW YORK TIMES BESTSELLER Thought leader visionary philanthropist mystic and yogi Sadhguru presents Western readers with a time tested path to achieving absolute well being the classical science of yoga A loving invitation to live our best lives and a profound reassurance of why and how we can Sir Ken Robinson author of *The Element Finding Your Element* and *Out of Our Minds Learning to Be Creative* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY HEALTH The practice of hatha yoga as we commonly know it is but one of eight branches of the body of knowledge that is yoga In fact yoga is a sophisticated system of self empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity It is a means to create inner situations exactly the way you want them turning you into the architect of your own joy A yogi lives life in this expansive state and in this transformative book Sadhguru tells the story of his own awakening from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle He relates the moment of his enlightenment on a mountaintop in southern India where time stood still and he emerged radically changed Today as the founder of Isha an organization devoted to humanitarian causes he lights the path for millions The term guru he notes means dispeller of darkness someone who opens the door for you As a guru I have no doctrine to teach no philosophy to impart no belief to propagate And that is because the only solution for all the ills that plague humanity is self transformation Self transformation means that nothing of the old remains It is a dimensional shift in the way you perceive and experience life The wisdom distilled in this accessible profound and engaging book offers readers time tested tools that are fresh alive and radiantly new *Inner Engineering* presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy **Life and Death in One Breath** Sadhguru, 2013-11-01 For ages most of humanity has placed life and death at two ends of the existential spectrum favoring one fearing the other and continuously floundering between the two Only when someone who has consciously traversed between both life and death offers to articulate some aspects of it does humanity get a glimpse of what lies beyond the horizon of its normal perception With his extraordinary insights coming from a profound inner experience Sadhguru reveals

that life and death are in fact two sides of the same coin It is only by embracing both that we can break the shackles of our selfmade struggles and be set free In his own words he says Death is a cosmic joke If you get the joke when you fall on the other side it will be wonderful If you don t get the joke when you are here you fear the other side and when the other side comes you just don t know what it is about If death becomes a laughing matter in your life life becomes an utterly effortless process there is no need to restrain yourself in the process of life you can live your life absolutely totally The distance between your life and death is just one breath isn t it Sadhguru

Ambition to Vision Sadhguru,2013-03-01 Ambition is about more vision is about all Sadhguru Being ambitious has always been seen as an advantage But a century s worth of human ambitions has resulted in uncountable tragedies and wars and brought the environment to a point of collapse Only when ambition is guided by a vision for wellbeing can our activity become a powerful possibility to create our destiny and touch the lives of everyone around us This book offers tangible first steps towards the ultimate plan of action to understand every aspect of our creation and existence and make ourselves the way we want And with individual transformation comes universal transformation opening up a whole new world once we take that step from ambition to vision

Karma Sadhguru,2021-04-27 A much used word Karma is loosely understood as a system of checks and balances in our lives of good actions and bad deeds of good thoughts and bad intentions A system which seemingly ensures that at the end of the day one gets what one deserves This grossly over simplified understanding has created many complexities in our lives and taken away from us the very fundamentals of the joy of living Through this book not only does Sadhguru explain what Karma is and how we can use its concepts to enhance our lives he also tells us about the Sutras a step by step guide to navigating our way in this challenging world In the process we get a deeper richer understanding of life and the power to craft our destinies
