Strategically managing compensation is a key human capital management initiative that can greatly impact your company's success and with SAP ERP HCM Enterprise Compensation Management you have the tools you need for an effective and consistent strategy. So if you're an HR professional, IT professional or SAP ERP HCM consultant who needs to know how to deliver and support a successful enterprise compensation implementation using SAP, you'll find exactly what you need in this detailed practical book. Quickly learn the configuration and development strategies needed for a successful implementation and find out which tools are available to effectively manage and support both monetary and nonmonetary budgets as you explore the budgeting cycle from preparation, initialization and maintenance to closure. Then discover how effectively ECM integrates with other SAP ERP HCM modules including personnel administration, organizational management, personnel cost planning, performance management and payroll. The authors go well beyond the basics to explore job pricing functionality including the process of setting up vendors participating in salary surveys, importing market data from surveys, analyzing market data and updating pay structures. Plus they provide you with unparalleled insight into advanced issues in a typical ECM implementation such as on-cycle growth and/or organizational promotions during the compensation cycle, off-cycle increases and second-level approval of compensation.

**Sap Successfactors** Pablo Stuardo, 2017-10-27 This book covers the basics of the Talent Management modules within SAP SuccessFactors. Learn not only what SAP SuccessFactors is but also gain a comprehensive understanding of each of the Talent Management modules including Performance Management, Succession and Development, Compensation Management and much more. Note from the author: SAP SuccessFactors is the undisputed leader in HR Cloud Solutions across all industries. I wrote this book to help facilitate the understanding of what SAP SuccessFactors is and some of its main capabilities in the context of Talent Management. There is a huge need for professionals to not only implement this technology but also to manage it and to enhance it, and I'm a sincere believer that by reading this book anyone can get a solid base to initiate the journey as an SAP SuccessFactors professional practitioner in this extremely exciting and innovative industry.
