**Transpacific Engagements** Florina H. Capistrano-Baker, Meha Priyadarshini, 2020-01-01 Between the sixteenth and nineteenth centuries competing European empires notably Spain Portugal Great Britain the Netherlands Germany France Belgium and others vied for commercial and political control of transoceanic networks particularly the transpacific routes between Asia and the Americas The essays in Transpacific Engagements Trade Translation and Visual Culture of Entangled Empires 1565 1898 address the resulting cultural and artistic exchanges with an emphasis on both the Spanish and American enterprises in the Asia Pacific region The essays are grouped into three parts entitled Entangled Empires Empires and Translations and Empires and Trade A common thread in the diverse perspectives presented here is the importance of transpacific engagements to the global connections of the sixteenth century and beyond While the focus is on the specific connection between the Asia Pacific region and the Americas through the Philippines we see how other parts of the world notably South and Southeast Asia and Europe were also participants impacted by these transpacific linkages The goal is to convey the complexity of entangled networks of commercial political and religious interests that complicate the Spanish enterprise in the Pacific Commercial ventures into Canton and Manila by the early American republic for example overlapped with and later replaced the Spanish galleons East South and Southeast Asian polities and dynasties remained powerful players in what were often multilateral rather than bilateral exchanges Contributors to this volume are based in Asia the Americas and Europe *Originality as Vengeance in Philippine Literature* Lucila V. Joseph Ralston Hayden, 1942 **Enhancing Competency of Teachers** Dr. Marcelino D. Catahan Ph.D., 2015-06-02 Enhancing Competency of Teachers is a fundamental teaching and learning guide Its main goal is to learn and develop an enhanced value system EVS and practice it in everyday life Filipinos are known worldwide for being friendly and hospitable However without limitations these traits become the roots of corruption in all sectors of Philippine life This book outlines the sequence of logical modules in teaching and learning enhancement programs TLEP in the school settings It is designed for learners in all educational levels to enhance competencies and effectiveness in human resource development and training It contains concepts principles and strategies for effective teaching and learning The Ethico Moral Theory in Learning provides five sets of significant rules in learning ethicomoral values to become genuine professionals Verily the skill method and social competencies of a person are not enough They must be supported by a quality EVS that will guide the person to think feel and act with strict reverence to the will of God Many books contained different insights theories philosophies principles and concepts in teaching and learning that sometimes confused readers in understanding how to learn or teach productively In contrast this text is presented in a very simple and logical manner It advocates for the need of educational change using EVS as the key It presents simple approach in designing implementing and managing TLEP in school settings It covers elementary modules i e Learning Process Teaching Methods Techniques Strategies Preparing Daily Lesson Sequence of Instruction

Selection of Teaching Aids Speech Techniques Questioning Techniques Learning Distractions Evaluation Techniques Review Summary Reinforcement Verily a high school graduate can become a very productive professional through reading this book seriously Today the main cause of poverty is corruption Poverty creates hunger Hunger results to crimes Criminal acts are indicators of degraded ethicomoral values To have More Fun in the Philippines EVS is a must amongst Filipino people

**Mixed Blessing** Hazel McFerson,2001-12-30 Invidious distinctions on the basis of race and overt racism were central features in American colonial policy in the Philippines from 1898 to 1947 as America transported its domestic racial policy to the island colony This collection by young Filipino scholars analyzes American colonialism and its impact on administration and attitudes in the Philippines through the prism of American racial tradition a structural concept which refers to beliefs attitudes images classifications laws and social customs that shape race relations and racial formation in multiracial and colonial societies The dominance of this tradition was manifested in the wanton prerogatives of the U S Congress and others who helped to carry out colonial policy in the region The Spanish flexible racial tradition had resulted in a system based on ethnicity and class as determinants of social and economic structure while the rigid U S racial tradition assigned race the more dominant role The cultural affinity between the early individual American administrators and the Filipino elite however meant that class based distinctions in the islands were not broken up Thus the extreme elitist character of the Philippines economy and society persisted and became impervious to the influences which in other Asian countries led to a progressive weakening of elite structures as the 20th century advanced Imagined Racial Laboratories ,2023-05-08 Imagined Racial Laboratories reveals the watermarks of science in the dynamics of racialisation in Southeast Asia during and after the colonial period Bringing together a set of critical histories of race sciences it illuminates the racialised dimensions of colony and nation in the region It demonstrates that racialisation took and continues to take mutable and multiple forms that often connect perhaps more than differentiate colonial and national periods across a variety of Southeast Asian settings Thus imagined races have contributed as much to the invention of modern Southeast Asia as have other fabled imagined communities General Catalogue of Printed Books to 1955 British Museum.
