Mercenary King Chen Qingyang returned to the city to protect his comrade s sister the goddess In the bustling city Chen Qingyang was like a fish in water carefree and at ease And to see how the previous generation s soldiers would use their iron fists and wits to build a business empire **Grinnell Automatic Sprinkler Bulletin** ,1921 **The End** Bianca

Nogrady,2013-05-01 A fascinating exploration of the universal human experience of death We sat around and on the bed laughing and joking as if this was a typical family gathering The shrunken form of our dying grandmother lay on the bed breathing fast and shallow her once bright eyes half closed and sunken in their sockets To some it might have seemed disrespectful to be treating her as part of the furniture as she took what were her very last breaths on this earth But to us it seemed almost normal that we should carry on being her boisterous jovial grandchildren filling her ears with the sounds of normality as she slipped away Looking back on that experience Bianca Nogrady realised she had so many questions Was her grandmother in pain Could she hear them Did she know they were there Was she aware of what was happening to her What was she experiencing as the spark of life that had sustained her for 87 years finally flickered out We know so much about birth generations of women have shared their experiences with their sisters daughters and grand daughters medicine has exhaustively explored and documented every possible angle of birth and it is a joyous moment that is shared with friends and family But at the other end of a life death is hidden taboo mysterious fearful rarely shared and often a lonely dark book end Death will come to all of us it is one of few experiences that unites every single being on the planet But we don t talk about it

we try not to think about it and anyone who breaks these unspoken taboos is viewed as being unnecessarily morbid Yet many who have been present at the death of a loved one talk of it as being a gift they have taken part in a profound moment The End is an exploration of that experience exploring the human experience of death from every angle the spiritual the historical the physical the metaphysical from the perspective of those who have witnessed it those who face it and those who have somehow stepped back from it The End investigates an experience common to every single one of us and does so in a way that is engaging compelling a bit funny and a bit quirky in places heartbreaking in others but most of all fascinating The End provides a different framework through which to view death instead of the fear and mystery that so often shrouds this incredibly important moment of life
